The college served as the base for HKU's founding in 1910 and was absorbed to become its first faculty. It has expanded to now consist of multiple schools that provide tertiary programmes in medicine, nursing, pharmacy, and traditional Chinese medicine. English is the medium of instruction for all classes, while Chinese is retained for the teaching of Chinese medicine. It is located several kilometres away from the university's main campus and is near the Queen Mary Hospital, its main teaching facility and research base. The faculty was renamed after businessman and philanthropist Li Ka-shing in 2006 following a HK\$1 billion donation. f9691c1434 Laupacis was born in Arthur, Ontario. He earned his MD and BA from Queen's University and completed a Master of Science in design, measurement and evaluation at McMaster University. f9691c1434 Stergiopoulos completed a Masters in Health Sciences (MHSc) in Health Administration from the University of Toronto's Institute of Policy, Management, and Evaluation. She then went on to complete director's education training at the Rotman School of Management. She completed medical school within the Faculty of Medicine of Dalhousie University in 1997, and then went on to complete her psychiatry residency at the... f9691c1434
