Experience subject experiencing it and is not directly accessible to other subjects. In a slightly different sense, experience refers not to the conscious events themselves but to the practical knowledge and familiarity they produce. Hence, it is important that direct perceptual contact with the external world is the source of knowledge. Understood as a conscious event in the widest sense, experience involves a subject to which various items are presented. This is associated both with recurrent. Unreal items may be included as well, which happens when experiencing hallucinations or dreams. In this sense, seeing a yellow bird on a branch presents the subject with the objects "bird" and "branch", the relation between them and the property "yellow". In this sense, experience is usually identified with perception and contrasted with other types of conscious events, like thinking or imagining. So an experienced hiker is someone who has actually lived through many hikes, not someone who merely read many books about hiking. When understood in a more restricted sense, only sensory consciousness counts as experience. This access is at best indirect, for example, when the experiencer tells others about Experience refers to conscious events in general, more specifically to perceptions, or to the practical knowledge and familiarity that is produced by these processes eea218d934

"readible" (for readable), eea218d934 These words were considered highly inappropriate and unsuitable for broadcast on the public airwaves in the United States, whether radio or television. As such, they were avoided in scripted material and bleep censored in the rare cases in which they were used. Broadcast standards differ in different parts of the world, then and now, although most of the words on Carlin's original list remain taboo on American broadcast television. Nonetheless, a radio broadcast featuring these words led to the U.S. Supreme Court's 5–4 decision in 1978 in FCC v. Pacifica Foundation that the Federal Communication Commission's declaratory ruling upholding a 1973 complaint about Carlin's routine being broadcast at 2 p.m. violated neither the First nor the Fifth Amendment to the U.S. Constitution, thus helping to define the extent to which the U.S. federal government could regulate speech on broadcast... eea218d934 == Unlimited misspellings == eea218d934 In general writing, some words are frequently misspelled, such as the incorrect spelling "concensus" for "consensus" eea218d934 Last words of famous or infamous people are sometimes recorded (although not always accurately), which then became a historical and literary trope. According to Karl Guthke, last words as recorded in public documents are reflections of the social attitude toward death at the time, rather than reports of actual statements. Published last words may reflect words that the dying person's intimates or supporters wished were their final testament. eea218d934 Although the word common is subjective depending on the situation, the focus is on general writing, rather than in a specific field. Accepted spellings also vary by country or region, with some rejecting the American or British variants as incorrect for the region. eea218d934
