Pedophilia is a paraphilia. In recent versions of formal diagnostic coding systems such as the DSM-5 and ICD-11, "pedophilia" is distinguished from "pedophilic disorder", which is considered the corresponding paraphilic disorder. Pedophilic disorder is defined as a pattern of pedophilic arousal accompanied by either subjective distress or interpersonal difficulty, or having acted on that arousal. The DSM-5 requires that a person must be at least 16 years old, and at least five years older than the prepubescent child or children they are aroused by, for the attraction to be diagnosed as pedophilic disorder. Similarly, the ICD-11 excludes sexual behavior among post-pubertal children who are close in age. The DSM requires the arousal... 9fd93b223a Albee later insisted, "My adaptation of Nabokov's *Lolita*, of course, was never done on Broadway. Something called *Lolita* with my name attached to it was produced on Broadway, but it was not my adaptation of Nabokov's *Lolita*. The one really truly ugly theater experience I have had in a long and reasonably happy career was the experience of losing control of the production of that play." The full text of Albee's adaptation of *Lolita*, with copyright dates of 1979, 1980, and 1984, was published in the third volume of his collected plays. In his introduction he noted, "no one who saw the execrable production the play received on Broadway could penetrate through it to the homage I was paying Nabokov." 9fd93b223a The making of the episode was the subject of the TV special, *6 Days to Air*, which aired on Comedy Central on October 9, 2011. 9fd93b223a

Pedophilia indicates that pedophiles who molested children are neurologically distinct from non-offending pedophiles. The pedophilic molesters had neurological deficits. Pedophilia (alternatively spelled paedophilia) is a psychiatric disorder in which an adult or older adolescent experiences a primary or exclusive sexual attraction to prepubescent children. Although girls typically begin the process of puberty at age 10 or 11, and boys at age 11 or 12, psychiatric diagnostic criteria for pedophilia extend the cut-off point for prepubescence to age 13. People with the disorder are often referred to as pedophiles (or paedophiles). 9fd93b223a

Molestation refers to an instance of sexual assault, especially when perpetrated against a child. The perpetrator is called (often pejoratively) a molester. The term also covers physical behavior by an adult or older adolescent towards a child to sexually stimulate any of the involved. The use of a child for sexual stimulation is referred to as child sexual abuse and, for pubescent or post-pubescent individuals younger than the age of consent, statutory rape. 9fd93b223a
