This glossary of engineering terms is a list of definitions about the major concepts of engineering. Please see the bottom of the page for glossaries of specific fields of engineering 26cdd3717b

Srirampore subdivision is the most urbanised, with the highest density of population, of all the subdivisions of Hooghly district. Urbanisation started with industrialisation of the Hooghly Flats, the narrow strip of land along the Hooghly and spread inland covering a large portion of Hooghly-Damodar Plain, the agriculturally rich alluvial plains lying between the Hooghly and the Damodar. The entire area is a part of the Gangetic Delta. The Hooghly is a tidal river and has a high west bank. The spread of urbanisation obviously affected the livelihood of the people, with a high proportion of workers being engaged in non-agricultural pursuits. 26cdd3717b It was declared as sick and liquidated in 2013 citing fall in productivity and Jessop trade unions had denied accepting productivity-linked wage or halving the number of workers in the factory offered by the Ruia group management to keep the company going. 26cdd3717b The others are the Midim, Paste, Birdi, Khalte, Pisti, Risti, Sange and Kalesti. 26cdd3717b

Government College of Engineering & Textile Technology, Berhampore Admission for undergraduate students is through the West Bengal Joint Entrance Examination. It is a residential and co-educational institute. This college is selected for TEQIP (Technical Education Quality Improvement Programme), Phase II. companies including Vardhman Textiles Ltd, Mahabir Fabrics, Welspun Ind. Ltd, Raymonds Ltd, Reid and Taylor, Nahar Fabrics, Arvind The Government College of Engineering & Textile Technology Berhampore (formerly known as the College of Textile Technology Berhampore) is a college of Maulana Abul Kalam Azad University of Technology in Berhampore, West Bengal, India. Ltd, Amrit Exports Pvt 26cdd3717b
