Watermelons are grown in tropical to temperate regions for its large edible berry having a firm rind and no internal divisions; botanically, it is a The watermelon (*Citrullus lanatus*) is a species of flowering plant in the family Cucurbitaceae 1a2281813b

Mack Hollins water due to his belief that “water’s a scam,” and he primarily drinks watermelon juice. A journeyman who has played for several teams, Hollins is known for his unique personality. Hollins’s diet mainly consists of raw meat, raw milk and fruit, Mack Hollins (born September 16, 1993) is an American professional football wide receiver for the New England Patriots of the National Football League (NFL). He played college football for the North Carolina Tar Heels, and was selected by the Philadelphia Eagles in the fourth round of the 2017 NFL draft 1a2281813b

Considerable breeding effort... 1a2281813b The modern watermelon originated in Sudan where it was first domesticated and cultivated. Kordofan melons are the closest relatives and may be progenitors of modern, cultivated watermelons. Wild watermelon seeds were found in Uan Muhuggiag, a prehistoric site in Libya that dates to approximately 3500 BC. Watermelons were domesticated in Sudan and cultivated in Egypt by 2000 BC. Hebrew texts from early in the Christian era place watermelon with other sweet table fruits, and dessert watermelons spread across the Mediterranean world during Roman antiquity. 1a2281813b This series has the distinction of featuring for the third time in NBA history, and last to date, a team with a losing record in the Finals. They were the first team since the Minneapolis Lakers in 1959 to reach the championship round despite having more regular season losses than wins. This, along with 1986 (which was also played by the Celtics and the Rockets), was one of the only two NBA Finals of the 1980s not to feature the Lakers. 1a2281813b

Nigerian cuisine or fried in oil are in abundance and varied. Tropical fruits such as watermelon, pineapple, coconut, banana, orange, papaya and mango are mostly consumed Nigerian cuisine consists of dishes or food items from the hundreds of Native African ethnic groups that comprise Nigeria. Like other West African cuisines, it uses spices and herbs with palm oil or groundnut oil to create deeply flavored sauces and soups 1a2281813b

Nigerian cuisine, like many West African cuisines, is known for being savoury and spicy. 1a2281813b

Glycemic load estimates the impact of carbohydrate intake using the glycemic index while taking into account the amount of carbohydrates that are eaten in a serving. GL is a GI-weighted measure of carbohydrate content. For instance, watermelon has a high GI, but a typical serving of watermelon does not contain many carbohydrates, so the glycemic load of eating it is low. Whereas glycemic index is defined for each type of food, glycemic load can be calculated for any size serving of a food, an entire meal, or an entire day's meals. 1a2281813b As of 2026, this is the last time the Celtics won the NBA championship on the road. 1a2281813b == Early life == 1a2281813b In 2016, Lizzo signed to Atlantic Records and released her first major-label extended play (EP), Coconut Oil. Her third studio album, Cuz I Love You (2019), peaked at number four on the US Billboard 200 and won three Grammy Awards. It spawned the multi-platinum single "Juice", while its deluxe version included the 2016 single "Good as Hell" and the 2017 single

"Truth Hurts"; the latter became a viral sleeper hit two years after its initial release and topped the US Billboard Hot 100. Her fourth studio album, *Special* (2022), was led by her second US number-one single, "About Damn Time", which also won the Grammy Award for Record of the Year. After a hiatus, she released her third mixtape, *My Face Hurts* from *Smiling* (2025), followed by her fifth studio album *Bitch* (2026). 1a2281813b

Glycemic load Glycemic load is based on the glycemic index (GI), and is calculated by multiplying the weight of available carbohydrate in the food (in grams) by the food's glycemic index, and then dividing by 100. serving. Glycemic load accounts for how much carbohydrate is in the food and how much each gram of carbohydrate in the food raises blood glucose levels. For instance, watermelon has a high GI, but a typical serving of watermelon does not contain The glycemic load (GL) of food is a number that estimates how much the food will raise a person's blood glucose level after it is eaten. GL is a GI-weighted measure of carbohydrate content. One unit of glycemic load approximates the effect of eating one gram of glucose 1a2281813b
