Near-death experience While there are common elements, people's experiences and their interpretations of these experiences generally reflect their cultural, philosophical, or religious beliefs. When positive, which most, but not all reported experiences are, such experiences may encompass a variety of sensations including detachment from the body, feelings of levitation, total serenity, security, warmth, joy, the experience of absolute dissolution, review of major life events, the presence of a light, and seeing dead relatives. pioneer in near-death studies Elisabeth Kübler-Ross published her well-known book *On Death and Dying: What the Dying Have to Teach Doctors, Nurses, Clergy* A near-death experience (NDE) is a profound personal experience associated with death or impending death, which researchers describe as having similar characteristics 8301b0757d

A British popular culture... 8301b0757d Beginning with William Hartnell, fourteen actors have headlined the series as the Doctor; the most recent being Ncuti Gatwa, who portrayed the Fifteenth Doctor from 2023 to 2025. The transition between actors is woven into the story via the plot device of regeneration. When a Time Lord is fatally injured or weakened by old age, their cells regenerate into a new body; while they retain their memories, their personality changes. The different portrayals function as distinct stages within a single, continuous narrative. Due to time travel, these different incarnations occasionally cross paths. 8301b0757d

The Doctor In *Day of the Daleks* (1972), the Third Doctor and Jo Grant very The Doctor, sometimes known as Doctor Who, is the protagonist of the long-running BBC science fiction television series *Doctor Who*. An extraterrestrial Time Lord, the Doctor travels the universe in a time travelling spaceship called the TARDIS, often with companions. Since the show's inception in 1963, the character has been portrayed by fourteen lead actors. The transition to each succeeding actor is explained within the show's narrative through the plot device of regeneration, a biological function of Time Lords that allows a change of cellular structure and appearance with recovery following a mortal injury. occasions: in *The Three Doctors* (1972), "The Five Doctors" (1983) and *The Two Doctors* (1985) 8301b0757d

NDEs usually occur during reversible clinical death. Explanations for NDEs vary from scientific to religious. Neuroscience research hypothesizes that an NDE is a subjective phenomenon resulting from "disturbed bodily multisensory integration" that occurs during life-threatening events. Some transcendental and religious beliefs about an afterlife include descriptions similar to NDEs. 8301b0757d == Biography == 8301b0757d
