Such things might happen to others, but could never happen to me, I believed. We barnstormed all over the US and the season ended all too soon. I was sorry when I had to go home, and could hardly wait to open in Boston in the spring of 1911." 0c56a8f557 The disaster involved (and may well have been caused by) a hasty equipment modification. Although virtually all of the plant management personnel had chemical engineering qualifications, there was no on-site senior manager with mechanical engineering expertise. Mechanical engineering issues with the modification were overlooked by the managers who approved it, and the severity of potential consequences due to its failure were not taken into account. 0c56a8f557
