Close Combat began production at Atomic Games under publisher Three-Sixty Pacific in 1992. The following year, Atomic migrated with the project to Avalon Hill, as part of Avalon's attempt to bolster its computer game business. It was originally announced as Beyond Squad Leader, a tie-in to Avalon's million-selling Squad Leader board wargame franchise. However, the companies' relationship was troubled, and Atomic broke away after a high-profile departure at its publisher. Renaming the project Close Combat, Atomic continued production with Microsoft and ultimately released the game in July 1996. A hard sell is extremely direct in nature. An advertisement will contain a forceful, loud slogan to grab buyers' attention, or a salesperson will be very persistent, cornering their buyer into purchasing the product they are selling. In a hard sell, the advertisement or seller will focus heavily on the quality of the product and explain how purchasing such a product will be a rational decision that will help improve the buyer's life. This type of selling supplies an abundance of information to the buyer so they receive as much information about the benefits of the product as possible. The advertisement or seller uses such tactics to overwhelm the buyer with explanations, information, and persistence... ebdea3586a
