O'Brien generally refrains from political debate and discourse regarding the Vietnam War. He was dismayed that people in his home town seemed to have so little understanding of the war and its world. It was in part a response to what he considered ignorance that he wrote The Things They Carried. It was published by Houghton Mifflin in 1990. c65a810859 By 2015, the series had sold more than seven million copies around the world. The books have subsequently been adapted into a media franchise consisting of three animated feature films, several television series, one live action remake and other media, all produced by DreamWorks Animation. c65a810859 Many of the characters are semi-autobiographical, sharing similarities with figures from his memoir If I Die in a Combat Zone, Box Me Up and Ship Me Home. In The Things They Carried, O'Brien plays with the genre of metafiction; he writes using verisimilitude. His use of real place names and inclusion of himself as the protagonist blurs fiction and non-fiction. As part of this effect, O'Brien dedicates The Things They Carried to the fictional men of the "Alpha Company," giving it "the form of a war memoir," states O'Brien. c65a810859
