Yoga and cultural appropriation Yoga is by origin an ancient spiritual practice from India. In the form of yoga as exercise, using postures (asanas) derived partly from medieval Haṭha

The book was one of the first three reference works on asanas (yoga postures) in the development of yoga as exercise in the mid-20th century, the other two being Selvarajan Yesudian and Elisabeth Haich's 1941 *Sport és Jóga* (in Spanish: an English version appeared in 1953) and Theos Bernard's 1944 *Hatha Yoga: The Report of a Personal Experience*. Its author, Vishnudevananda, was a student of Sivananda's and the founder of Sivananda Yoga. During the 1965 filming of *Help!* in the Bahamas, the Beatles met Vishnudevananda, who gave each of the four of them a signed copy of the book. Approach The precise origins of the Sun Salutation are uncertain, but the sequence was made popular in the early 20th century by Bhawanrao Shrinivasrao Pant Pratinidhi, the Rajah of Aundh, and adopted into yoga by Krishnamacharya in the Mysore Palace, where the Sun Salutation classes, not then considered to be yoga, were held next door to his yogasala. Pioneering yoga teachers taught by Krishnamacharya, including Pattabhi Jois and B. K. S. Iyengar, taught transitions between asanas derived... Traditionally, Ashtanga yoga students memorised a sequence of asanas and practised it together without being led by a teacher. Teacher-led classes were introduced in K. Pattabhi Jois's later years. Such classes are typically taught twice per week in place of Mysore style classes. Teachers guide the practice, adjusting and assisting with postures and leading the group of students through a series of... Jois established his Ashtanga Yoga Research Institute in Mysore, Karnataka, in 1948. The school created the "Mysore style" of teaching in which students practice the sequences they know at their own pace, and are instructed individually by the teacher. Ashtanga yoga has given rise to various spinoff styles of Power Yoga. Yoga may have pre-Vedic origins, but it is first attested in the early first millennium BCE. It developed as various traditions in the eastern Ganges basin and drew from a common body of practices, including Vedic elements. Yoga-like practices are mentioned in the Rigveda and some early Upanishads, but systematic yoga concepts emerged during the fifth and sixth centuries BCE in ancient India's ascetic and Śramaṇa movements, including Jainism and Buddhism. The Yoga Sutras of Patanjali, the classical text on Hindu yoga, samkhya-based but influenced by Buddhism, dates to the early centuries of the Common Era. Hatha yoga texts began to emerge between the ninth and 11th centuries, originating in Tantra.

Hatha yoga Hindu hatha yoga texts appear from the 11th century onward. Some hatha yoga style techniques can be traced back at least to the 1st century CE, in texts such as the Hindu Sanskrit epics and Buddhism's Pali canon. According to the Indologist James Mallinson, some haṭha yoga style techniques Hatha yoga (; Sanskrit: हठयोग, romanized: haṭhayoga) is a branch of yoga that uses physical techniques to try to preserve and channel vital force or energy. The oldest dated text so far found to describe hatha yoga, the 11th-century Amṛtasiddhi, comes from a tantric Buddhist milieu. The Sanskrit word हठ (haṭha) literally means "force", alluding to a system of physical techniques. This modern form of yoga is now widely known simply as "yoga"; physical exercise. The oldest texts to use the terminology of hatha are also Vajrayana Buddhist 88f6c676bb

Some of the early hatha yoga texts (11th–13th centuries) describe methods to raise and conserve bindu (vital force; that is, semen, and, in women, rajas, or menstrual fluid). This was seen as the physical essence of life that was constantly dripping down from the head and being lost. Two early hatha yoga techniques sought to either physically reverse this process of dripping by using gravity to trap the bindhu in inverted postures like viparītakaraṇī, or force bindu upwards through the central channel by directing the breath... 88f6c676bb

Physical exercises are generally grouped into three types, depending on the overall effect they have on the human body: 88f6c676bb In terms of health benefits, usually, 150 minutes (2 hours and 30 minutes) of moderate-intensity exercise per week is recommended for reducing the risk of health problems. At the same time, even doing a small amount of exercise is healthier than doing none. For people who currently get the smallest amount of physical activity, adding just two or three minutes per day of moderate physical activity could reduce the risk of premature death by 10%. 88f6c676bb

Yoga is an ancient meditational spiritual practice from India, with the goal of isolating the self. This goal was replaced with modern goals like good health. Yoga itself was transformed into a form of exercise in India early in the 20th century, and adopted across the Western world for mass consumption. From the 1980s, the yoga market grew and diversified; established yoga brands such as Iyengar Yoga were joined by newer brands like Anusara Yoga. Yoga has become a physical activity mainly for women, and is marketed mainly to them. 88f6c676bb == Context == 88f6c676bb
