I Knew You Were Trouble A dubstep and pop track, "I Knew You Were Trouble" has a production based around electric guitars and synthesizers, accentuated its refrain with a wobble bass and Swift's distorted vocals; critics found the dubstep production a radical departure from Swift's previous country pop sounds. She wrote it with its producers "I Knew You Were Trouble" is a song by the American singer-songwriter Taylor Swift from her fourth studio album, Red (2012). In the lyrics, the narrator blames herself for not recognizing the warning signs of a past toxic relationship. Margaret "Maggie" Clark, three years his junior, was his pupil. They fell in love and during a period of illness, George walked to the edge of the Niagara escarpment, overlooking what is now downtown Hamilton, and composed the poem. The general tone is perhaps one of melancholy and consolation over lost youth rather than mere sentimentality or a fear of aging. It was published in 1864 in a collection of his poems entitled Maple Leaves. They were married October 21, 1864, but Maggie's health deteriorated and she died on May 12, 1865. James Austin Butterfield set the poem to music and it became popular all over the world. George Washington Johnson died in 1917.
