One of the first creatures introduced in the Star Wars franchise, banthas were created by George Lucas, who was inspired in part by creatures called Banths in John Carter of Mars. Ralph McQuarrie designed the concept art for the banthas, with original sketches depicting them as horse-like creatures before they were changed to be elephant-sized. Art director Leon Erickson led the creation of the bantha costume for Star Wars, the base of which was an elephant saddle with palm fronds and yak hair to create a shaggy coat, as well as a head mask molded from chicken wire, curved horns made from ventilation tubing... 81c248ab51
