== Structure == Since 2016, numerous AI ethics guidelines have been published in order to maintain social control over the technology. Furthermore, organizations deploying AI have a central role to play in creating and implementing trustworthy AI, adhering to established principles, and taking accountability for mitigating risks. The European Union adopted in 2024 a common legal framework for AI with the AI Act.

== Background == The earliest plasters known to us were lime-based. Around 7500 BC, the people of 'Ain Ghazal in Jordan used lime mixed with unheated crushed limestone to make plaster which was used on a large scale for covering walls, floors, and hearths in their houses. Often, walls and floors were decorated with red, finger-painted patterns and designs. In ancient India and China, renders in clay and gypsum plasters were used to produce a smooth surface over rough stone or mud brick walls, while in early Egyptian tombs, walls were coated with lime and gypsum plaster and the finished surface was often painted or decorated.

== Migrant nail salon workforce == Nothing Records is most famous for its two original signings, Trent Reznor's own band Nine Inch Nails, and Marilyn Manson.

Plasterwork For the art history of three-dimensional plaster, see stucco. The process of creating plasterwork, called plastering or rendering, has been used in building construction for centuries. Lathing nails are usually of iron, cut, wrought or cast, and in the better class of work they are galvanized to prevent rusting. This is also sometimes called pargeting. Zinc nails are sometimes Plasterwork is construction or ornamentation done with plaster, such as a layer of plaster on an interior or exterior wall structure, or plaster decorative moldings on ceilings or walls

AI governance is a term used in policy, industry, and academic contexts to describe how AI systems are directed and overseen. A 2025 systematic literature review defined it as encompassing the questions of who is accountable for AI systems, what elements are governed, when governance occurs within the development lifecycle, and how it is implemented through frameworks, tools, or models. Charlotte Stix noted that related terms, including "trustworthy AI... Although the record was successful, reaching No. 75 in the US and receiving highly favorable reviews from critics, Reznor feuded with TVT over promotion of the album and eventually signed with Interscope Records. Pretty Hate Machine was later certified triple-platinum by RIAA, becoming one of the first independently released albums to do so, and was included on several lists of the best releases of the 1980s. In 2020, Rolling Stone ranked...

nail is a protective plate characteristically found at the tip of the digits (fingers and toes) of almost all primates (except for marmosets), homologous to the claws in other tetrapod animals. Fingernails and toenails are made of a tough rigid protein called alpha-keratin, a polymer also found in the claws, hooves, and horns of vertebrates. It can be worn on natural nails, or with tips to create an artificial nail

Nothing Records went largely defunct in 2004, after a lawsuit by Reznor against John Malm. The label became inactive as a whole following several further releases; 2007's *Beside You in Time* music video was the label's final release. The label gained semi-iconic status within the industrial rock scene, and even acquired its own online-fanzine in *Sick Among the Pure*, although this later became a more general industrial fanzine, and ceased to exist at all in 2005. The Nothing label would often reward its fanbase over the Internet — one form of this outreach was *Radio Nothing*: an exclusive collection of free MP3 music streams, compiled by Nothing label artists, producers and fans. The show generated a number of popular catchphrases during its run, including "Sorry about that, Chief", "...and loving it", "missed it by that much", and "would you believe...". The show was followed by the films *The Nude Bomb*, a 1980 theatrical film made without the involvement of Brooks and Henry, and *Get Smart, Again!*, a 1989 made-for-TV sequel to the series, and a 1995 revival series and a 2008 film adaptation. In 2010, TV Guide ranked *Get Smart*'s opening title sequence at number...

Nail polish Egypt, the lower classes painted their nails a reddish brown with henna. Nail polishes come in all color shades and play a significant part in manicures and pedicures. The formula has been revised repeatedly to enhance its decorative properties, to be safer for the consumer to use, and to suppress cracking or peeling. In Europe, Frederick Nail polish (also known as nail varnish in British English or nail enamel) is a lacquer that can be applied to the human fingernails or toenails to decorate and protect the nail plates.
