Snoopy usually spends his days sleeping flat on top of his doghouse or engaging in flights of fancy. This includes pretending to be a World War I flying ace who is the archenemy of the Red Baron, writing essays and short stories on his typewriter, and trying to romance the different neighborhood kids (with the main object of his affections being Lucy Van Pelt, who is disgusted by him). Snoopy is also known for his large family, rivalry with Linus Van Pelt over the latter's blanket, friendship with Peppermint Patty (who, due to his anthropomorphism, believes him to be a "funny-looking kid with [a] big nose" for years), and longstanding best-friendship with the yellow bird Woodstock. fe3417116b A king had only his daughter, his wife having died, and had to go to war.
