Murder of Marie Wilks Several of Browning's friends and associates called in to report Browning as matching the artist's impression of the suspect and he was the only driver of C-registered. You saw the solitary figure of a pregnant woman on the motorway. Whether out of spite or rage or any other reason, you determined Marie Patricia Wilks (30 March 1966 – 18 June 1988) was a 22-year-old seven-months-pregnant woman who was abducted from the hard shoulder of the M50 motorway and murdered on 18 June 1988. Her body was found two days later dumped three miles up the road, after a witness described having seen a silver-grey Renault 25 car parked there. Dozens of witnesses reported seeing a blond man in a silver-grey C-registered Renault 25 parking by Wilks and then driving off erratically and both the descriptions of the man and the car matched Browning and his vehicle. knowing how long you would be away. In 1989, Eddie Browning, who had been driving a silver-grey Renault 25 that day, was found guilty of the murder at trial by a unanimous jury decision. A violent man with previous convictions for assault and having only recently been released from prison for aggravated burglary, Browning had stormed out of his home that day after a violent row with his seven-months-pregnant wife, declaring he was driving to Scotland – a route that would have naturally taken him along the M50 977cbe30e5

Stretch marks can help suppress stretch marks. Striae may also be influenced by the hormonal changes associated with puberty, pregnancy, bodybuilding, or hormone replacement therapy.

Pregnancy-related striae are known as striae gravidarum. Striae are caused by tearing of the dermis during periods of rapid growth of the body, such as during puberty or pregnancy, in which they usually form during the last trimester. Usually on the belly, these striae also commonly occur on the breasts, thighs, hips, lower back, and buttocks. Once they have formed, there is no clearly effective treatment, though various methods have been attempted and studied. Over time, they may diminish or change in appearance, but will not disappear completely. A systematic review has not found evidence that creams and oils are useful for preventing or reducing stretch marks in Stretch marks, also known as striae () or striae distensae, are a form of scarring on the skin with an off-color hue. There is no evidence that creams used during pregnancy prevent stretch marks 977cbe30e5
