Bierock is similar to both pirogi/pirozhki of Russian cuisine and börek of Turkish cuisine. There is debate about the actual etymology of the word bierock. Traditionally it was supposed that bierock was derived from the Russian word pirog. However, a recent theory speculates that the word bierock may be derived from börek. This theory is based on both geographic close proximity of the former Volga German ASSR to present day Kazakhstan as well as the influence of considerable population of historically...
dffe2e8106 The term "krautrock" was popularised by British music journalists as a pejorative umbrella-label for the diverse German scene, and although many such artists disliked the term, it subsequently fell into standard usage. Some German and English-language authors remain critical of it. The movement was partly born out of
