Dream has been active online since 2014, but did not gain substantial popularity until 2019, with the release of his Minecraft Manhunt series. Dream also gained notoriety for his Minecraft speedruns; however, several of his records were overturned due to evidence of cheating. Content created in the Dream SMP, Dream's invite-only survival multiplayer (SMP) Minecraft server that stars content creators engaged in roleplay, also attracted considerable attention, acclaim and a popular fandom.

Dream (YouTuber) Paste described Minecraft Manhunt as "an experience that leaves me slack-jawed every time", stating that the format of Minecraft Manhunt "seems to guarantee Clay (born August 12, 1999), known online as Dream, is an American YouTuber, Twitch streamer, speedrunner, and musician primarily known for creating Minecraft content

Sturgis is also the founder and president of Joey Sturgis Tones, which are his own line of audio recording plugins. In 2015, he co-founded URM Academy, an online school for rock and metal mixing and production. He also co-founded Drumforge, a drum software program, and Riffhard, which is an online school for guitarists. He also started the Joey Sturgis Forum Podcast, which is now known as the URM Podcast. Chatterer is a member of the Cenobites, formerly-human monsters dedicated to exploring the limits of human sensation; these "explorations" take the form of extreme sadomasochism, to the point that it is considered torture by most of those whom they encounter. He lives with his fellow Cenobites in an extradimensional realm called Hell, a gigantic labyrinth accessible only via a puzzle box called the Lament Configuration, which opens a dimensional fissure. While those who possess unique qualities conducive to the Cenobite agenda are transformed into Cenobites upon opening the box, others are subjected to the Cenobites' "experiments". Like his fellow Cenobites, Chatterer has lost all memory of his life as a human before he became a Cenobite; Hellraiser: Hellbound indicates that Chatterer opened... Rain of animals of examples. However, this aspect of the phenomenon has never been witnessed by scientists. Singapore, 22 February 1861 Tarai, Nepal, 15 May 1900 Moose Jaw, Saskatchewan, Canada, 1 July 1903 Marksville, Louisiana, 23 October 1947 Animal rain is a rare meteorological phenomenon in which flightless animals fall from the sky. One hypothesis is that tornadic waterspouts sometimes pick up creatures such as fish or frogs and carry them for up to several miles. Such occurrences have been reported in many countries throughout history, an example being the lluvia de peces, a phenomenon that has occurred many times in Honduras a4ffb084f2

In the Bible, a rain of frogs is described as one of the ten plagues of Egypt. The Bible also mentions other similar events, such as quail falling from the sky to save the Hebrews from hunger in Exodus 16:13. In the fourth century BC, the Greek Athenaeus mentioned a rain of fish that lasted three days in the region of Chaeronea in the Peloponnese. In the Middle Ages,

the frequency of the phenomenon in certain regions led locals to imagine that fish were born in the skies before falling into the sea. In 1625, a rain of frogs was reported to have hit Tournai, Belgium. In 1794, French soldiers saw toads fall from the sky during heavy...
