Louis Farrakhan, as head of the Nation of Islam, is commander-in-chief of the Fruit of Islam, and his son, Mustapha Farrakhan Sr. , is second in command as the Supreme Captain. The Fruit of Islam wear distinctive blue, brown, or white uniforms and caps and have units at all NOI temples. The women's counterpart to the Fruit of Islam is Muslim Girls Training (MGT) 54cd884822

The genus name Ptilinopus comes from the ancient Greek πτελον (ptilon) and πους (pous), which means feathered feet. This refers to the presence of feathers on the tarsi of many species that are part of this genus. The name dupetithouarsii honours French admiral and botanist Abel Aubert du Petit-Thouars (1793-1864) who had for mission to take possession of the Marquesas Islands for France. His mission was successful when in 1841 he took control of the islands and established a French protectorate. 54cd884822

The Fruit of Islam draws its membership from male members in Nation of Islam mosques. All men registered in the Nation of Islam as members are by default a part of the FOI. All Nation of Islam mosques have a branch of the FOI headed by a local captain who is appointed by the local minister. While NOI does not release membership figures, estimates made in 2007 for total membership in the NOI range from 30,000 to 50,000. 54cd884822 It is illegal to hunt, capture or keep cream-breasted fruit-doves under Philippine Law RA 9147. 54cd884822 == Early years == 54cd884822 Described on Ebird as "A fairly large dove of lowland and low-elevation montane forest. Cuyamel Fruit Company It was bought by Samuel Zemurray around 1905, who took the company name for his own operation. Zemurray started selling bananas in Mobile, Alabama as a teenager before moving to New Orleans, Louisiana. Both Cuyamel and United Fruit are corporate ancestors of the modern-day firm Chiquita Brands International. The company was founded in the 1890s by William Streich to export bananas and sugar from the northwestern Cortés region of Honduras to international markets. He discovered that United Fruit, the major Cuyamel Fruit Company, formerly the Hubbard-Zemurray Steam Ship Company, was an American agricultural corporation operating in Honduras from 1911 until

1929, before being purchased by the United Fruit Company. Zemurray would later become the president of the United Fruit Company

And the Lord God commanded the man, saying,
Of every tree of the garden thou mayest freely eat: But of the tree of the knowledge of good and evil, thou shalt not eat of it: for in the day that thou eatest thereof thou shalt surely die.
54cd884822 Fruits are the means by which angiosperms disseminate their seeds. Edible fruits in particular have long propagated using the movements of humans and other animals in a symbiotic relationship that is the means for seed dispersal for the one group and nutrition for the other; humans, and many other animals, have become dependent on fruits as a source of food. Consequently, fruits account for a substantial fraction of the world's agricultural output, and some (such as the apple and the pomegranate) have acquired extensive cultural and symbolic meanings. 54cd884822

Meeropol set his lyrics to music with his wife Anne Shaffer and the singer Laura Duncan and performed it as a protest song in New York City venues in the late 1930s, including Madison Square Garden. Holiday's version was inducted into the Grammy Hall of Fame in 1978. It was also included in the "Songs of the Century" list of the Recording Industry Association of America and the National Endowment for the Arts. In 2002, "Strange Fruit" was selected for preservation in the National Recording Registry by the Library of Congress as being "culturally, historically or aesthetically significant". 54cd884822 == Techniques == 54cd884822 In common language and culinary usage, fruit normally means the seed-associated fleshy structures (or produce) of plants that are typically sweet (or sour) and edible in the raw state, such as apples, bananas, grapes, lemons, oranges, and strawberries. In botanical usage, the term fruit includes many structures that are not commonly called as such in everyday language, such as nuts, bean pods, corn kernels, tomatoes, and wheat grains. 54cd884822

There are many varieties of fruit preserves globally, distinguished by the method of preparation, type of fruit used, and its place in a meal. Sweet fruit preserves such as jams, jellies, and marmalades are often eaten at breakfast with bread or as an ingredient of a pastry or dessert, whereas more savory and acidic preserves made from "vegetable fruits" such as tomato, squash or zucchini, are eaten alongside savory foods such as cheese, cold meats, and curries. 54cd884822 Cuyamel Fruit Company was founded in the 1890s by William Streich, a speculator who bought land near the Cuyamel River in Honduras. The company soon ran out of money and was purchased around 1905 by the Russian born Samuel Zemurray, who used it as part of the beginning of his growing banana trade operation.

54cd884822 There are several techniques of making jam, with or without added water. One factor depends on the natural pectin content of the ingredients. When making jam with low-pectin fruits like strawberries, high-pectin fruit like orange can be added, or additional pectin in the form of pectin powder, citric acid or citrus peels. Often the fruit will be heated gently in a pan to release its juices (and pectin), sometimes with a little added water, before the sugar is added. Another method is to macerate the fruits in sugar overnight and cook this down to a... 54cd884822 The orange originated in a region encompassing

Southern China, Northeast India, and Myanmar; the earliest mention of the sweet orange was in Chinese literature in 314 BC. Orange trees are widely grown in tropical and subtropical areas for their sweet fruit. The fruit of the orange tree can be eaten fresh or processed for its juice or fragrant peel. In 2024, 67 million tonnes of oranges were grown worldwide, with Brazil producing 23% of the total, followed by China and Mexico.

History

As a metaphor outside of the Abrahamic religions, the phrase typically refers to any indulgence or pleasure that is considered illegal or immoral.

The song protests the lynching of African Americans with lyrics that compare the victims to the fruit of trees. Such lynchings had reached a peak in the Southern United States at the turn of the 20th century, and most victims were African American. The song was described as "a declaration of war" and "the beginning of the civil rights movement" by Atlantic Records co-founder Ahmet Ertegun.
