"Cantaloupe", Portugal's
wine production in 2019 was 6.5 million hectolitres (Mhl),
consistent with its annual average since 2015, and the forecast
for 2020 is also 6.5 Mhl. This industry makes an important
contribution to the country's annual income by attracting a
vigorous local market and by being exported all over the world
with France, the United States, the United Kingdom, Brazil and
Germany as the main destinations. Evidence gained from recent
research may suggest that the industry has not yet reached its
maximum level of winegrape output efficiency.
