Jurassic Park Rapids Adventure is based on the concept of Jurassic Park: The Ride at Universal Studios Hollywood, which is itself based on the film adaptation of the popular novel. Jurassic Park Rapids Adventure is a Hafema river rapids ride whereas Jurassic Park: The Ride is a flume ride. The attraction first opened at Universal Studios Singapore on 18 March 2010. The attraction was temporarily closed to the public for enhancement works from 10 August 2011 to 20 January 2012. The end of the Jurassic, however, has no clear, definitive boundary with the Cretaceous and is the only boundary between geological periods to remain formally undefined. c7792c308d
