

List Of Democratic Countries

Democratic Republic of the Congo – country located in Central Africa. The country is extremely rich in natural resources but political instability, a lack of infrastructure and a culture of corruption have historically limited development, extraction and exploitation efforts. Besides the capital, Kinshasa, the country's other largest cities are both mining communities (Lubumbashi and Mbuji-Mayi) and the country's largest exports are raw minerals.

dollar, a standardized unit used by economists. Certain regions that are not widely considered countries such as Hong Kong also show up in the list if they are distinct jurisdiction areas or economic entities. fb416e4d70 Political parties fb416e4d70 The current president is Félix Tshisekedi, since 24 January 2019. fb416e4d70 == List of officeholders == fb416e4d70 The figures presented here do not take into account differences in the cost of living in different countries, and the results can vary greatly from one year to another based on fluctuations in the exchange rates of the country's currency. Such fluctuations may change a country's ranking from one year to the next, even though they often make little or no difference to the standard of living of its population. fb416e4d70 Comparisons of national wealth are also frequently made on the basis of purchasing power parity (PPP), to adjust for differences in the cost of living in different countries. PPP largely removes the exchange rate problem, but has its own drawbacks; it does not reflect the value of economic output in international trade, and it also requires more estimation than nominal GDP. On the whole, PPP per capita figures are more narrowly spread than nominal GDP per capita figures. fb416e4d70 The ruling party in a parliamentary system is the political party or coalition of the majority (or sometimes a plurality) in parliament. It generally forms the central government. In other countries, the party of the executive may differ from the majority party in the legislature. fb416e4d70 ISO 3166-1 alpha-2 - two-letter country codes which are also used to create the ISO 3166-2 country subdivision codes and the Internet country code top-level domains. fb416e4d70 == Sovereign states == fb416e4d70 The 2026 estimates are as follows: fb416e4d70 ISO 3166-1 - Codes for the representation of names of countries and their subdivisions - Part 1: Country codes defines codes for the names of countries, dependent territories, and special areas of geographical interest. It defines three sets of country codes: fb416e4d70 ISO 3166-1 numeric - three-digit country codes which are identical to those developed and maintained by the United Nations Statistics Division, with the advantage of script (writing system) independence, and hence useful for people or systems using non-Latin scripts. fb416e4d70

GDP comparisons using PPP are arguably more useful than those using nominal GDP when assessing the domestic market of a state because PPP takes into account the relative cost of local goods, services and inflation rates of the country, rather than using international market exchange rates, which may distort the real differences in per capita income. For example, while the nominal GDP ranks of Germany and India are third and fourth respectively, when adjusted for PPP Germany's GDP drops to sixth and India rises to third because the local cost of goods in India is lower, and thus the same nominal amount of... fb416e4d70

List of Christian democratic parties The underlying Christian democracy movement emerged in 19th-century Europe, largely under the influence of Catholic social teaching and Neo-Calvinist theology. Christian democracy continues to be influential in Europe and Latin America, though in a number of countries its Christian ethos has been diluted by secularisation. In Europe, where their opponents have traditionally been secularist socialists, Christian democratic parties are moderately conservative overall, whereas in the very different cultural and political environment of Latin. In practice, Christian democracy is often considered centre-right on cultural, social and moral issues, but centre-left "with respect to economic and labor issues, civil rights, and foreign policy" as well as the environment, generally supporting a social market economy. Christian democracy can be seen as either conservative, centrist, or liberal / left of, right of, or center of the mainstream political parties depending on the social and political atmosphere of a given country and the positions held by individual Christian democratic parties. Christian Democratic Party of Albania Argentina Christian Democratic Party Armenia Christian-Democratic Rebirth Party Christian Democratic Union of Armenia Christian democratic parties are political parties that seek to apply Christian principles to public policy fb416e4d70
