== Preparation == f434d677d7 == History == f434d677d7 Tilkut is especially made and eaten during Sakraat or "Makar sankranti" festival. It is made of pounded 'til' or sesame seeds (*Sesamum indicum*) and jaggery or sugar. The best tilkut is said to be from Gaya. Reference to this dry sweet is found in the Buddhist literature as palala. It was initially produced in the princely kingdom of Tekari in Ramna, Gaya, and has a 150-year history. The king allegedly cherished

tilkut and promoted the craft of creating them. f434d677d7

Jaggery Jaggery is similar to muscovado, another form of non-centrifugal cane sugar. It is a concentrated product of cane juice and, depending on the region, date palm or other palm sap, produced without separating the molasses from the sugar crystals. It can range in colour from golden brown to dark brown. Jaggery is a traditional non-centrifugal cane sugar consumed in South Asia, Southeast Asia, North America, Central America, Brazil and parts of Africa Jaggery is a traditional non-centrifugal cane sugar consumed in South Asia, Southeast Asia, North America, Central America, Brazil and parts of Africa f434d677d7

Chakka prathamam Chakka varattiyathu is made by cooking finely chopped pieces of Chakka Chula (the edible yellow part of jackfruit) with ghee and jaggery (or sugar) at a high Chakka prathamam is a traditional payasam (pudding) of Kerala, India f434d677d7

The dish is usually served hot. It is made more often in Kerala than in other south Indian states. f434d677d7 == Etymology == f434d677d7

Tilkut tilkut is white in colour, the shakkar tilkut is made of unrefined sugar and is light brown in colour and the gur tilkut is made of jaggery and is dark Tilkut (Bhojpuri/Magahi: तिलकूट) also known as tilkoot, tilkatri, tilkutam, palala, gajak, tilpatti, is a sweet popular in the Indian states of Bihar, eastern Uttar Pradesh and Jharkhand. It is popular in the Bhojpuri and Magahi regions f434d677d7

Under its Geographical Indication tag, it is referred to as "Muzaffarnagar Gur (Jaggery)". f434d677d7 == History == f434d677d7

Sanna (dish) They are especially popular among Goans, both the Goan Hindus and Goan Christians, and also among the Konkani migrants outside Konkani in Karachi, Sindh, Gujarat, Karnataka and Kerala. Sometimes a sweet version is made with

jaggery, known as godachi sanna. They A sanna is a spongy, steamed, and savoury unfilled dumpling originally made of red rice, black lentil and coconut in the Konkani region, by the western coast of the Indian subcontinent. They are also made by the people of Konkani division, such as the Kupari of the Bombay East Indian community. They originated in Goa and Damaon, Bombay and Bassein (Vasai). Mangalorean Catholic cuisine on special days is incomplete without sannas f434d677d7

Mandya celebrated its 75th year anniversary (Amrutha Mahotsava) in 2015. The KRS dam was built by Krishna Raja Wadiyar IV and M. Visvesvaraya in Mandya, opening in 1932. Mandya is home to a number of historically important sites. In 2016, Archaeological Survey of India (ASI) excavated another 13 ft (4.0 m) statue of Bahubali, a much revered figure among Jains. He was the son of Adinath, the first tirthankara of Jainism, and the younger brother of Bharata Chakravartin, identified with the 3rd – 9th centuries in Arthipura, Mandya district. The excavation is expected to be completed by 2018. The Archaeological Survey of India has also excavated an 8th-century statue of Bahubali in Arthipura, Maddur, Mandya, Karnataka, that is 3 ft (0.91 m) wide and 3.5 ft (1.1 m) tall. f434d677d7 Mandya RT0 Code is KA11... f434d677d7 The batter for unni appam is made from raw rice that is soaked and ground, sweetened with jaggery and mashed ripe banana, and flavoured with cardamom. Pieces of coconut fried in ghee are stirred into it. The batter is poured into the rounded moulds of a heavy pan called an unniyappakaara (also appakaara) and fried in oil or ghee. Each piece is turned once so that both sides brown, leaving the surface crisp and the inside soft. f434d677d7 Muzaffarnagar jaggery made from sugarcane is a prized crop in Muzaffarnagar and so named after the place. f434d677d7

Mandya It is also called Sugar City (Kannada: Sakkare Nagara) because sugarcane is a major crop grown here, and sugar factories contribute to the major economic output. The city has been divided into 35 wards of the Mandya City

Municipal Council. It is the headquarters of Mandya district. programme lists jaggery as the primary product of Mandya, Karnataka. The National Portal of India describes Mandya jaggery as being made from freshly harvested Mandya () is a city, also taluka in the state of Karnataka. The district offices are located here f434d677d7

== Name == f434d677d7 The various names for the flatbread include puran puri (પુરાણ પુરી) or vedmi (વેદમી) in Gujarati, bobbatlu or baksham or oliga in Telugu, Andhra Pradesh. In Kannada holige (ಹೊಲಿಗ) (mainly in North Karnataka) and obbattu (ಒಬ್ಬತ್ತು) (in South Karnataka), puran poli (પુરાણ પોಲಿ) in Marathi, payasaboli or simply boli (பொயசாபொலி) in Malayalam, Boli “பொலி” in Tamil, bhakshalu or pole or polae in Telugu, Telangana and ubbatti or simply poli in Konkani. f434d677d7 To make the prathamam, the 'chakka varattiyathu' is mixed with water and additional jaggery. The mixture is boiled at a high temperature so that the jaggery is dissolved in the water. Grated raw coconut is ground with water and the milk is added to this mixture. For garnishing, small pieces of coconut, cashew nut, or currants fried in ghee may be added into it. f434d677d7 Sukiyan is prepared by cooking mung beans in water and it is drained out. Boiled Jaggery and grated coconut are mixed with the cooked beans. Add cardamom powder, cumin powder and dried ginger powder. Small balls made out of this mixture are kept aside. This is then coated with a combination of maida, rice flour and a pinch of turmeric. Turmeric gives the yellow hue to this snack. The balls are deep fried in oil, preferably coconut oil. f434d677d7 == Name == f434d677d7 Central Travancore jaggery made from sugarcane is a prized crop in Central Travancore division and so named after the old Kingdom of Thiruvithamkoor or Kingdom of Travancore which comprises the current districts of Kottayam, Pathanamthitta and Alappuzha. f434d677d7

Muzaffarnagar jaggery Muzaffarnagar jaggery is a variety of jaggery (non-centrifugal cane sugar) made from fresh sugarcane juice in the Indian state of Uttar Pradesh. Muzaffarnagar hosts India's largest jaggery market, accounting

for 20% of the country's total jaggery production. The city's jaggery is considered lucky by many and is a significant contributor to India's traditional sweetener production. It is an agri-product The Muzaffarnagar jaggery is a variety of jaggery (non-centrifugal cane sugar) made from fresh sugarcane juice in the Indian state of Uttar Pradesh. It is an agri-product manufactured from sugarcane which is a common and widely cultivated crop majorily in the districts of Muzaffarnagar and also in Bijnor, Shamli, Baghpat, Meerut and Shajahanpur f434d677d7

== Preparation == f434d677d7

Sukiyan Also called "Suguntalu", it is a popular food item in South Indian cuisines, and it is generally Sukiyan (or sukhiyan or sugiyan) is a fritter food made with pulses, jaggery and maida flour. The lentils (mung beans) and jaggery are cooked, ground to form the stuffing, formed into the size of a ping pong ball, to finally deep fry in coconut oil / any other oil. This snack is also often found in small tea shops in the towns and villages of Kerala and Tamil Nadu. Also called "Suguntalu", it is a popular food item in South Indian cuisines, and it is generally eaten as a breakfast, a side dish, or a snack. is a fritter food made with pulses, jaggery and maida flour f434d677d7

Hindus normally use urad dal, coconut water and coconut milk for fermentation. Catholic Christian sannas consist of two types: Those made from the toddy of coconut flowers, and those sannas made using the sap-toddy of the coconut palm. Though both of them require the same varieties of rice, sannas are commonly made with coconut for fermentation, unlike idlis made by adding yeast. Sannas are made on special days such as Ganesh Chaturthi, Sonsar Padvo/ Yugadi and Makar Sankranti, Catholic Christians generally prepare them for church feasts, christenings and weddings. Sometimes a sweet version is made with jaggery, known as godachi sanna. f434d677d7 The main ingredients of chakka prathamam are chakka varattiyathu and jaggery. Chakka varattiyathu is made by cooking finely

chopped pieces of Chakka Chula (the edible yellow part of jackfruit) with ghee and jaggery (or sugar) at a high temperature until it becomes paste-like. The dish is usually prepared in a traditional vessel called an uruli (a heavy casting of bronze), to withstand the high temperature. Once this paste is ready, it can be kept for a long time without losing its taste. Metallic containers may damage the taste, thus it is usually kept in bharani, which are made of porcelain. f434d677d7 == Names == f434d677d7

Central Travancore jaggery The riverbanks and nearby places of Pamba, Manimala, Achenkovil and Meenachil rivers are primarily used for sugarcane cultivation in the region. Travancore jaggery is a variety of jaggery (non-centrifugal cane sugar) made from fresh sugarcane juice in the Indian state of Kerala. It is an agri-product The Central Travancore jaggery is a variety of jaggery (non-centrifugal cane sugar) made from fresh sugarcane juice in the Indian state of Kerala. It is an agri-product manufactured from sugarcane which is a common and widely cultivated crop in Kottayam and Pathanamthitta Districts and Chengannur taluk in Alappuzha District f434d677d7
