Northwestern Hawaiian Islands 048 km²). 98 of Honolulu County. 1075 square miles (8. The Northwestern Hawaiian Islands, also known as the Leeward Hawaiian Islands, are a series of mostly uninhabited islands and atolls located northwest The Northwestern Hawaiian Islands, also known as the Leeward Hawaiian Islands, are a series of mostly uninhabited islands and atolls located northwest of Kauai and Ni'ihau in the Hawaiian island chain. With the exception of Nīhoa, all of the islands lie north of the Tropic of Cancer, making them the only islands in Hawaii situated outside the tropics. Midway Atoll is a territory distinct from the State of Hawaii, and is classified as one of the United States Minor Outlying Islands. S. The United States Census Bureau designates this area, excluding Midway Atoll, as Census Tract 114. state of Hawaii, with the exception of Midway Atoll, though they are generally not included on maps and graphic depictions of the State of Hawaii. The total land area of these islands is 3. Politically, these islands are part of Honolulu County in the U 3415d5fafa

List of islands of Hawaii The Palmyra Atoll, historically claimed by both Hawaii and the United States is not included because it was separated from Hawaii when it became a state in 1959

and is part of the United States Minor Outlying Islands. Despite being within the boundaries of Hawaii, Midway Atoll, comprising several smaller islands, is not included as an island of Hawaii, because it is classified as a United States Minor Outlying Islands and is therefore administered by the federal government and not the state. 6 mi² (16,634 km²) of land. coordinates) The state of Hawaii, comprising all of the Hawaiian Islands apart from Midway Atoll, has the fourth-longest ocean coastline of the 50 states (after The state of Hawaii, comprising all of the Hawaiian Islands apart from Midway Atoll, has the fourth-longest ocean coastline of the 50 states (after Alaska, Florida, and California) at 750 miles (1,210 km). The Hawaiian Island archipelago extends some 1,500 miles (2,400 km) from the southernmost island of Hawai'i to the northernmost Kure Atoll. The Johnston Atoll which is not included in this list was claimed by both the United States and the Hawaiian Kingdom in 1858 but the Hawaiian Claim was revoked by King Kamehameha the IV later that year upon his learning of the US claim to the island and is now part. It is the only state that consists entirely of islands, with 6,422 3415d5fafa

The chain was produced by the movement of the ocean crust over the Hawai'i hotspot, an upwelling of hot rock from the Earth's mantle. 3415d5fafa Almost all of the islands are uninhabited, the main exception being Midway Atoll, which maintains a permanent rotating population of U.S. Fish and Wildlife Service staff and other workers. Kure Atoll and Tern Island have a seasonal population of a small team of environmental staff. At least some of the islands... 3415d5fafa The kingdom subsequently gained diplomatic recognition from European powers and the United States. An influx of European and American explorers, traders, and whalers soon began arriving to the kingdom, introducing diseases such as syphilis, tuberculosis, smallpox, and measles, leading to the rapid decline of the Native Hawaiian population. In 1887, King Kalākaua was forced to accept a new constitution after a coup d'état by the Honolulu Rifles, a volunteer military unit recruited from American settlers. Queen Lili'uokalani, who succeeded Kalākaua in 1891, tried to abrogate... 3415d5fafa

National Register of Historic Places listings in Hawaii More than 370 listings appear on all but one of Hawaii's main islands (Ni'ihau being the exception) This is a list of properties and historic districts in Hawaii listed on the National Register of Historic Places. These properties and districts are listed by island, beginning at the northwestern end of the chain. Hawaii listed on

the National Register of Historic Places. More than 370 listings appear on all but one of Hawaii's main islands (Ni'ihau being the exception) and the Northwestern Islands, and in all of its five counties. Included are houses, schools, archeological sites, ships, shipwrecks and various other types of listings

List of volcanoes in the Hawaiian–Emperor seamount chain Hawaii Center for Vulcanology. "The Formation of the Hawaiian Islands". Archived from the original on March 9 The Hawaiian–Emperor seamount chain is a series of volcanoes and seamounts extending about 6,200 km (3,900 mi) across the Pacific Ocean. 2013-11-05 at the Wayback Machine Rubin, Ken

Hawaiian Kingdom In 1810, the Hawaiian Islands were fully unified when the islands of Kaua'i and Ni'ihau voluntarily joined the Hawaiian Kingdom. Two major dynastic families ruled the kingdom, the House of Kamehameha and the House of Kalākaua. It was established in 1795 when Kamehameha I, then Ali'i nui of Hawaii, conquered the islands of O'ahu, Maui, Moloka'i, and Lāna'i, and unified them under one government. It was established in 1795 when Kamehameha I, then Ali'i nui of Hawaii, conquered the islands of O'ahu, Maui The Hawaiian Kingdom, also known as the Kingdom of Hawai'i (Hawaiian: Ke Aupuni Hawai'i [kɛ əw'puni hə'vejʔi]), was an archipelagic country from 1795 to 1893, which eventually encompassed all of the inhabited Hawaiian Islands.

Hawaiian language King Kamehameha III established the first Hawaiian-language constitution in 1839 and 1840. The Hawaiian language, along with the English language, are the official languages of the U. S. The Hawaiian language, along with the English language, are the official Hawaiian ('ōlelo Hawai'i, pronounced [ʔo:'lɛlo hə'veiʔi]) is a critically endangered Polynesian language of the Austronesian language family, originating in and native to the Hawaiian Islands. state of Hawai'i. to the Hawaiian Islands. It is the historic native language of the Hawaiian people. It is the historic native language of the Hawaiian people

Hawai'i County is the local administrative unit. As of the 2020 census, the population was 200,629. The county seat and largest community is Hilo. Hawai'i County has no incorporated cities. The official name of the island is Island of Hawai'i (often shortened to Hawai'i

Island) to distinguish it from the state. It is also referred to as the Big Island, due to its size relative to the other Hawaiian Islands. In Hawaiian, the island is sometimes called Moku o Keawe. The word keawe has several meanings. One definition, "southern cross", is said to be the name of an ancient chief. Another definition is "the bearer". 3415d5fafa == History == 3415d5fafa As the volcano sinks and erodes, it first becomes an atoll island and then an atoll. Further subsidence causes the volcano to sink below the sea surface, becoming a seamount. Once a seamount is 600 m (2,000 ft) or more under the surface, it is also classed as a guyot. This list documents the most significant volcanoes in the chain, ordered by distance from the hotspot, but there are many others that have yet to be properly studied. 3415d5fafa

Hawaii S. Hawaii (/hə'waɪ. mainland. S. i/ hə-WY-ee; Hawaiian: Hawai'i [hə'vejʔi, hə'wejʔi]) is an island state of the United States, in the Pacific Ocean about 2,000 miles (3 Hawaii (hə-WY-ee; Hawaiian: Hawai'i [hə'vejʔi, hə'wejʔi]) is an island state of the United States, in the Pacific Ocean about 2,000 miles (3,200 km) southwest of the U. S. states. states (along with Alaska), it is the only state not on the North American mainland, the only state that is an archipelago, the only state south of the Tropic of Cancer, one of only two states, along with Florida, with regions that have a tropical climate, and one of the two U. S. states, along with Texas, that were internationally recognized sovereign countries before becoming U. One of the two non-contiguous U 3415d5fafa

In 1896, the Republic of Hawaii passed Act 57, an English-only law which subsequently banned Hawaiian language as the medium of instruction in publicly funded schools and promoted strict physical punishment for children caught speaking the Hawaiian language in schools. The Hawaiian language was not again allowed to be used as a medium of instruction in Hawaii's public schools until 1987, a span of 91 years. 3415d5fafa The chain can be divided into three subsections. The first, the main windward Hawaiian islands consist of the eight youngest and easternmost Hawaiian islands. This is the youngest part of the chain... 3415d5fafa From around 1949 to the present day, there has been a gradual... 3415d5fafa == Current listings by island and county == 3415d5fafa Hawaii consists of 137 volcanic islands that make up almost the entire Hawaiian archipelago (the exception is Midway Atoll). Spanning 1,500 miles (2,400 km), the state is physiographically and ethnologically part of the Polynesian subregion of Oceania.

Hawaii's ocean coastline is consequently the fourth-longest in the U.S., at about 750 miles (1,210 km). The eight main islands, from northwest to southeast, are Ni'ihau, Kaua'i, O'ahu, Moloka'i, Lāna'i, Kaho'olawe, Maui, and Hawai'i, after which the state is named; the last is often called the "Big Island" or "Hawai'i Island" to avoid... 3415d5fafa The number of native speakers of Hawaiian gradually decreased during the period from the 1830s to the 1950s. English essentially displaced Hawaiian on six of seven inhabited islands. In 2001, native speakers of Hawaiian amounted to less than 0.1% of the statewide population. 3415d5fafa

History of Hawaii ". The islands's history is marked by The history of Hawaii began with the arrival of Polynesian peoples to the Hawaiian Islands between 940 and 1200 AD. Population growth was facilitated by ecological and agricultural practices that combined upland agriculture (mauka), ocean fishing (makai), fishponds and gardening systems. Ancient Hawai'i was a caste-based society, much like that of Hindus in India. The history of Hawaii began with the arrival of Polynesian peoples to the Hawaiian Islands between 940 and 1200 AD. The islands' history is marked by a slow, steady growth in population and the size of the chiefdoms, which grew to encompass whole islands. There are three points in the triangle—the Creator, Akua; the peoples of the earth, Kanaka Maoli; and the land, the 'aina. These systems were upheld by spiritual and religious beliefs, like the lokahi, that linked cultural continuity with the health of the natural world. Local chiefs, called ali'i, ruled their settlements, and launched wars to extend their influence and defend their communities from predatory rivals. According to Hawaiian scholar Mililani Trask, the lokahi symbolizes the "greatest of the traditions, values, and practices of our people. These three things all have a reciprocal relationship 3415d5fafa

Hawai'i (island) The island of Hawai'i is the third largest island in Polynesia, behind the North and South Islands of New Zealand. Hawaiian Islands, a chain of volcanic islands in the North Pacific Ocean. However, it has only 13% of the archipelago's population. With an area of 4,028 square miles (10,430 km²), it has 63% of the Hawaiian Hawai'i, sometimes written Hawaii, is the largest island in the United States, located in the state of Hawaii. With an area of 4,028 square miles (10,430 km²), it has 63% of the Hawaiian archipelago's combined landmass. It is the southeasternmost of the Hawaiian Islands, a chain of volcanic islands in the North Pacific Ocean 3415d5fafa

As the oceanic crust moves the volcanoes farther away from their source of magma, their eruptions become less frequent and less powerful until they eventually cease to erupt altogether. At that point, erosion of the volcano and subsidence of the seafloor cause the volcano to gradually diminish. In January 1778, Great Britain and the Hawaiians came into contact when explorer... The United States Census Bureau reports Necker Island's land area as 45.193 acres (18.289 ha). The island is rocky with steep sides and has very little soil. Its highest elevation is 277 feet (84 m). The island is named after Jacques Necker, a finance minister of Louis XVI. The names Native Hawaiians in Ancient Hawaii used for the various Northwestern Hawaiian Islands have been lost. When the French explorer Jean-François de La Pérouse became the first European to sight the island in 1786, he named it "Necker Island" after Jacques Necker, a Genevan banker and statesman who served as finance minister...
