Financial Times Stock Exchange Index

The PSE is currently owned and managed by The Philippine Stock Exchange, Inc., a company that is also listed on the exchange (PSE: PSE). It is responsible for managing the entire stock exchange, and, as on 6 June 2026, has a total of 283 listed companies. The main index for the PSE is the PSE Composite Index (PSEi) composed of thirty (30) listed companies. The selection of companies in the PSEi is based on a specific set of criteria ranging from total capitalization to minimum number of stockholders upon its planned listing. There are also six additional sector-based indices. The PSE is overseen by a 15-member board of directors, co-chaired by José T. Pardo and José E. Divina. b2638071f1 == Types of indices by coverage == b2638071f1 Between April and May 2006, having been rebuffed in an informal approach, Nasdaq built up a 23% stake in the Exchange. The stake grew to 29% as a result of the London exchange's share consolidation. Nasdaq has since sold its investment. b2638071f1 == History == b2638071f1 In 2005, together with

Dow Jones, FTSE launched the Industry Classification Benchmark, a taxonomy used to segregate markets into sectors. b2638071f1

Exchange (Filipino: Pamilihang Sapi ng Pilipinas) is the national stock exchange of the Philippines. The exchange was created in 1992 from the merger of the Manila Stock Exchange and the Makati Stock Exchange. The PSE's headquarters is located at the Philippine Stock Exchange Tower, located along the One Bonifacio High Street complex in Bonifacio Global City b2638071f1

In 2007, the Exchange acquired the Milan-based Borsa Italiana for €1.6bn (£1.1bn; US$2bn) to form the London Stock Exchange Group plc. The combination was intended to diversify... b2638071f1 The index started on 3 January 1984, having been constructed by the London Stock Exchange to better reflect activity on the market. The index would replace the Financial Times' own FT 30 after its public unveiling on 14 February. As late as 10 February, the Stock Exchange referred to the index as 'SE 100', cutting out the Financial Times who had not contributed to its construction. Recognition was ultimately given to the fact that having the FT involved in the official launch possessed value. b2638071f1 == History == b2638071f1 The PSX was granted affiliate status by the World Federation of Exchanges (WFE) after it joined in June 2021, marking a significant milestone in its international recognition. PSX has been ranked by Bloomberg as one of the best-performing markets globally in 2023, 2024, and 2025. b2638071f1 To be able to trade a security on a particular stock exchange, the security must be listed there. Usually, there is a central location for record keeping, but trade is increasingly less linked to a physical place as modern markets use electronic communication networks, which give them advantages of increased speed and reduced cost of transactions. Trade on an exchange is restricted to brokers who are members of the exchange. In recent years... b2638071f1 == History == b2638071f1 == History == b2638071f1

London Stock Exchange Group It London Stock Exchange Group plc (LSEG) is a British global provider of financial markets data and infrastructure headquartered in London, England. London Stock Exchange Group plc (LSEG) is a British global provider of financial markets data and infrastructure headquartered in London, England. It owns the London Stock Exchange (on which it is also listed), Refinitiv, LSEG Technology, FTSE Russell, and majority stakes in LCH and Tradeweb b2638071f1

Two of the primary criteria of an index are that it is investable and transparent: The methods of its construction are specified. Investors may be able to invest in a stock market index by buying an index fund, which is structured as either a mutual fund or an exchange-traded fund, and "tracks" an index. The difference between an index fund's performance and the index, if any, is called tracking error. b2638071f1 In 1972, the Exchange moved to a new purpose-built building and trading floor in Threadneedle Street. Deregulation, sometimes known as "big bang", came in 1986 and external ownership of member firms was allowed for the first time. In 1995, the Alternative Investment Market was launched and in 2004 the Exchange moved again, this time to Paternoster Square. b2638071f1 == History == b2638071f1 In 2010, the joint venture with Xinhua Finance was terminated, the index series was renamed into FTSE China Index Series; the Hong Kong incorporated company was renamed to "FTSE China Index Limited". b2638071f1

Stock market index It helps investors compare current stock price levels with past prices to calculate market performance. It helps In finance, a stock market index or stock index is an index that measures the performance of a stock market, or of a subset of a stock market. In finance, a stock market index or stock index is an index that measures the performance of a stock market, or of a subset of a stock market b2638071f1

Stock exchange Stock exchanges may also provide facilities for the issue and redemption of such securities and instruments and capital events including the payment of income and dividends. Stock exchanges may also provide facilities for the issue and redemption A stock exchange, securities exchange, or bourse is an exchange where stockbrokers and traders can buy and sell securities, such as shares of stock, bonds and other financial instruments. sell securities, such as shares of stock, bonds and other financial instruments. Stock exchanges often function as "continuous auction" markets with buyers and sellers consummating transactions via open outcry at a central location such as the floor of the exchange or by using an electronic system to process financial transactions. Securities traded on a stock exchange include stock issued by listed companies, unit trusts, derivatives, pooled investment products and bonds b2638071f1
