== Identified serial killers == fa4937a5d9 Organization and ranking of serial killings is made difficult by the complex nature of serial killers and incomplete knowledge of the full extent of many killers' crimes. To address this, multiple categories have been provided in order to more accurately describe the nature of certain serial murders. This is not a reflection of an individual's overall rank, which may or may not vary depending on personal opinion concerning the nature and circumstances of their crimes. The fourth column in the table states the number of victims definitely... fa4937a5d9 == Identified serial killers == fa4937a5d9 == Definition == fa4937a5d9

List of serial killers in the United Kingdom This definition is accepted by both police and academic experts and therefore provides a useful frame of reference. Justice Studies defines a serial killer when an individual has killed three or more people who were previously unknown to him or her, with a 'cooling off' A serial killer is typically a person who murders three or more people, with the murders taking place over more than a month and including a significant period of time between them. The British Centre for Crime and Justice Studies defines a serial killer when an individual has killed three or more people who were previously unknown to him or her, with a 'cooling off' period between each murder fa4937a5d9

The general definition of spree murder is two or more murders committed by a person (or people) with no cooling-off period, in contrast to serial murder, where there is a period of time between killings. The U.S. Federal Bureau of Investigation (FBI) has found the category to be of no real value to law enforcement because quantifying a "cooling-off period" is arbitrary. Serial killers commit murders in separate events, at different times. Mass murderers are defined by one incident, with no distinctive period between the murders. fa4937a5d9

Spree killer quantifying a "cooling-off period" is arbitrary. the case of Andrew Cunanan, who murdered five people over three months, including fashion designer Gianni Versace. The United States Bureau of Justice Statistics has spoken of "almost no time break between murders", but some academics consider that a killing spree may last weeks or months, e. Serial killers commit murders in separate events, at different times. g. There are differing opinions about what durations of time a killing spree may take place in. Mass murderers are defined by one incident A spree killer is someone who commits a criminal act that involves two or more murders in a short time, often in multiple locations fa4937a5d9

The United States has by far the largest number of documented serial killers in the world.
