Thank you for your time. --Another Believer (Talk) 04:27, 9 November 2013 (UTC)reply 2d90c78cc1 I've recently manually added some missing redirects to episode list entries (see Memento Mori (The Punisher) as an example) and wanted to be more efficient with my time and make a bot request for it. I've been instructed per Wikipedia:Bot policy#Mass article creation to post first here and gain community consensus to this as this will create a lot of new redirects. 2d90c78cc1

They also enable editors to link to these episode entries from other articles when there is need to. Currently there are over 13k episode redirects listed at Category:Redirected episode articles and there is a special template used for this specific redirect, Template:R to TV episode list entry. I've also verified with WikiProject Redirect that these are valid redirects (admittedly only one editor responded, but some days that's all you can hope for). --Gonnym (talk) 18:19, 6 November 2018 (UTC) 2d90c78cc1

2d90c78cc1 @Curly Turkey: I am not sure the other two are worth including. Following are the three ways:  
1) "There are those ethereal carillon bells clanging out show tunes from who-knows-where ("If I Were a Rich Man" on the bells! Who knew?)", 2) "the Weather Machine in Pioneer Courthouse Square trumpets the next day's forecast", and 3) "the line for the Saigon Kitchen cart in front of the Portland Building snakes a dozen deep down the street." One seems vague and the other seems promotional at worst, or completely unrelated to the subject at best. If you disagree, I can try to come up with a way to incorporate the details into the article. --Another Believer (Talk) 15:59, 11 November 2013 (UTC)reply 2d90c78cc1 Are you able to catch aids through mosquito's? —The preceding unsigned comment was added by 60.234.64.178 (talk) 2d90c78cc1 See below. --Another Believer (Talk) 21:32, 9 November 2013 (UTC)reply 2d90c78cc1
