The festivals represent the capture of the city by the Muslims and the subsequent Christian reconquering fight. The people who take part in the festival are usually enlisted in local associations called filaes (singular filà) or comparsas (companies that represent the Christian or Moor legions). Each side consists of various companies that carry out activities throughout the year, organizing spectacular parades during the days of the festival and spending a lot of gunpowder with firing salutes from the arquebus in dramatized battles. The festivals last for several days, and feature festive parades with bombastic costumes... f88d73a553 == History == f88d73a553 Besides being one the first states in the history of the world, and one of the oldest cradles of human civilization, Egypt is also one of the oldest in terms of urban development. Urban formation in the country began in prehistoric times, starting with the formation of villages consisting of groups of Egyptian families living together in one place, on or near the banks of the Nile River. Each village had its own deity. The Egyptians then began to utilize the Nile River, digging canals and waterways to facilitate agriculture. Cities began to emerge through the merging of groups of villages, each with its own ruler and deity. Temples were built... f88d73a553 == History == f88d73a553

Mayan cities and religion that characterised ancient cities worldwide. Maya monarchs ruled their kingdoms from palaces that were situated within the centre of their cities. Maya cities tended to be more dispersed than cities in other societies, even within Mesoamerica Maya cities were the centres of population of the pre-Columbian Maya civilization of Mesoamerica. They lacked the grid plans of the highland cities of central Mexico, such as Teotihuacán and Tenochtitlan. Cities tended to be located in places that controlled trade routes or that could supply essential products. Maya cities tended to be more dispersed than cities in other societies, even within Mesoamerica, as a result of adaptation to a lowland tropical environment that allowed food production amidst areas dedicated to other activities. Those cities that had favourable conditions for food production, combined with access to trade routes, were likely to develop into the capital cities of early Maya states. This allowed the elites that controlled trade to increase their wealth and status. They served the specialised roles of administration, commerce, manufacturing and religion that characterised ancient cities worldwide. Such cities were able to construct temples for public ceremonies, thus attracting further inhabitants to the city f88d73a553

List of cities and towns in Germany Towns with over 100,000 inhabitants are called Großstadt, a statistical notion sometimes translated as "city", but having no effect on their administrative status. Historically, the title Stadt was associated with town privileges, but today it is a mere honorific title. For more restricted lists with more details, see: List of cities in Germany by population This is a complete list of the 2,057 cities and towns in Germany (as of 28 January 2025). In contrast, the generally smaller German municipalities that do not use this title, and are thus not included here, are usually just called Gemeinden. For more restricted lists with more details, see:. The title can be bestowed to a municipality by its respective state government and is generally given to such municipalities that have either had historic town rights or have attained considerable size and importance more recently. In this list, only the cities' and towns' names are given. There is no distinction between town and city in Germany; a Stadt is an independent municipality (see Municipalities of Germany) that has been given the right to use that title. In this list, only the cities' and towns' names are given f88d73a553

== Name == f88d73a553 Founded in 2005 by Paul Graham, Jessica Livingston, Robert Tappan Morris, and Trevor Blackwell, Y Combinator initiated operations with concurrent programs in Cambridge, Massachusetts, and Mountain View, California. However, operational complexities arising from managing two programs prompted a consolidation in January 2009, resulting in the closing of the Cambridge program and the centralization of activities in Silicon Valley. f88d73a553 As with previous installments, the games follow the journey of a young Pokémon Trainer as they train and battle Pokémon while thwarting schemes of the criminal organisation Team Flare. X and Y introduced 72 new Pokémon species, and added new features including the new Fairy-type, character customisation, updated battle and training mechanics such as "Mega Evolution", and completely rendered polygonal 3D graphics as opposed to the sprites used in previous generations. While the games are independent of each other and each can be played separately, trading Pokémon between the two games is necessary to complete the games' Pokédex. f88d73a553 Founded in 1935, the chain was headquartered in Oklahoma City and named for the last initials of its three founders: Rawdon E. Tomlinson, Enoch L. "Les" Gosselin, and Raymond A. Young. The three men each owned separate variety stores in Oklahoma when they met at a trade show in 1932. In 1935, the three pooled their financial resources to form the Central Merchandising Corporation and built a warehouse in Oklahoma City, allowing their stores to buy merchandise in bulk directly from manufacturers, instead of through wholesalers.
