The initial pitch seemed to be heavily influenced by Kenner's popular Star Wars toyline with multiple playsets dedicated to individual franchises like Superman, Batman, Wonder Woman, Green Lantern, Teen Titans, Lois Lane, and the Super Jrs. Winning the license away from Knickerbocker and Mattel in 1982 with an emphasis on action and art, Kenner devised hidden mechanisms within the figures that would trigger an action when the figure's legs or arms were squeezed. This emphasis on each figure's "super power" led to the naming of the line: "The Super Powers Collection". Each figure in the first two series were also packaged with a mini-comic featuring an adventure with a spotlight on that character. The figures also included a cut-out collector's card on the back of each package. 18c36733ab As of 2024, Target is ranked No. 32 on the 2022 Fortune 500 list of
