Reason (argument) A reason, in many cases, is brought up by the question "why. upon which to believe that or why a claim is true. Additionally, words and phrases such as since, due to, as, a result of, considering (that), and in order (to), for example, all serve as explanatory locutions that precede the reason to which they refer. An explanatory reason attempts to convince someone how something is or could be true, but does not directly In general terms, a reason is a consideration in an argument that justifies or explains an action, belief, attitude, or fact. " and is answered following the word because

Normative reasons are appealed to when arguments are made about what one should do or believe. For example, that a doctor's patient is grimacing is a reason to believe that the patient is in pain. That the patient is in pain is a reason for the doctor to take action to alleviate this pain. Explanatory reasons are explanations of why things happened. For example, the reason that the patient is in pain is that their nerves are sending signals from their tissues to their brain. Meanwhile, Tina Belcher (Dan Mintz) has struggled with... Ledger's portrayal of the Joker was influenced by the graphic novels Batman: The Killing Joke (1988) and Arkham Asylum: A Serious House on Serious Earth (1989). The character retains his traditional purple-and-green color palette, while his disfigured, clown-like appearance is achieved through smeared makeup concealing facial scars resembling a Glasgow smile, rather than the chemically bleached skin depicted in some comic book origins. Additional inspiration for the performance came from the works of painter Francis Bacon, the character Alex DeLarge from Anthony Burgess' 1962 novel A Clockwork Orange and its 1971 film adaptation of the same name, as well as elements of punk rock culture. Although Ledger's casting was initially met with skepticism, his performance was released to widespread acclaim following the
