== History == 0f10cf5c78 The United Kingdom is the only country as an EU member state to have held referendums directly on continued membership of the European Union and its antecedent organisation, the European Communities. In the first referendum in 1975, continued membership of what was then the European Communities (which included the European Economic Community, often referred to as the Common Market in the UK) was approved by 67.2% of voters, while in its second referendum... 0f10cf5c78

Firearms regulation in Switzerland Swiss gun laws are primarily about the acquisition of arms, and not ownership. Firearms regulation in Switzerland allows the acquisition of semi-automatic, and – with a may-issue permit – fully automatic firearms, by Swiss citizens and Firearms regulation in Switzerland allows the acquisition of semi-automatic, and – with a may-issue permit – fully automatic firearms, by Swiss citizens and foreigners with or without permanent residence. The laws pertaining to the acquisition of firearms in Switzerland are amongst the most liberal in the world, as well as being the most permissive in Europe. An explicit reason must be submitted to be issued an acquisition permit for handguns or semi-automatics unless the reason is sport-shooting, hunting or collecting. Police use of hollow point ammunition is limited to special situations. Bolt-action rifles, break-actions and hunting rifles do not require an acquisition permit, and can be acquired

with just a record extract. As such a license is not required to own a gun by itself, but a shall-issue permit is required to purchase most types of firearms. The acquisition of fully automatic weapons, suppressors and target lasers requires special permits issued by the cantonal firearms office. Permits for concealed carrying in public are issued sparingly 0f10cf5c78
