

Loafer Bad Word Meaning

The term is a derogatory epithet, yet it is used by many historians, such as in works by Sarah Woolfolk Wiggins (1991), James Alex Baggett (2003), Hyman Rubin (2006), and Frank J. Wetta (2012... The number 13 is a prime number, happy number and a lucky number. It is a twin prime with 11, as well as a cousin prime with 17. It is the second of the only three known Wilson primes: 5, 13, and 563. A 13-sided regular polygon is called a tridecagon.

Barmbrack a loaf - and breac - transl. The bread is associated with Halloween in Ireland, where an item (often a ring) is placed inside the bread, with the person receiving it considered to be fortunate. speckled (due to the raisins in it), hence it literally means a speckled loaf (a similar - Barmbrack (Irish: bairín breac), also often shortened to brack, is a bread with added sultanas and raisins made with yeast or baking powder. the Irish word bairín transl

Folklore surrounding the number 13 appears in many cultures around the world: one theory is that this is due to the cultures employing lunar-solar calendars (there are approximately 12.41 lunations per solar year, and hence 12 "true months" plus a smaller, and often portentous, thirteenth month). This can be witnessed, for example, in the "Twelve Days of Christmas" of Western European tradition. Other origins for "barm" could relate to the use of the froth from fermented ale, which is a form of yeast referred to as barm. This was used in place of bicarbonate of soda in baking, as it was not widely available in Ireland until the early 19th century. The album's title is in reference to Foley's birthplace of St. Louis, Missouri by way of Charles Lindbergh's monoplane. Writing and recording == Etymology ==

Affect control theory goodness versus badness, potency - powerfulness versus powerlessness, and activity - liveliness versus torpidity. The activity of social institutions occurs through maintenance of culturally based affective meanings. Affective meanings can be measured with In control theory, affect control theory proposes that individuals maintain affective meanings through their actions and interpretations of events

Scalawag speculated that "perhaps the original use of the word" referred to low-grade farm animals, but this meaning of the word was not attested until 1854. The term was In United States history, scalawag (sometimes spelled scallawag or scallywag) was a

pejorative term that referred to white Southerners who supported Reconstruction era policies and efforts after the conclusion of the American Civil War

South Africa is a country formed from centuries of immigrants, settlers, and colonisers. It has a long history of using racial slurs or derogatory phrases when speaking of the other. Some such words have more recently been reclaimed as a mark of pride and defiance (for example, coloured).

Etymology Some of the entries were never "good French", in the sense of being grammatical, idiomatic French usage. Others were once normal French but have either become very old-fashioned or have acquired different meanings...

Self-discipline refers to one's ability to control one's behavior and actions to achieve a goal or to maintain a certain standard of conduct. It is the ability to commit to certain tasks regardless of emotions such as boredom and resist things that should be avoided. This includes placing more importance on goals for one's own, or others' sake.

The term is commonly used in historical studies as a descriptor of Reconstruction era Southern white Republicans, although some historians have discarded the term because of its pejorative use.

An example of self-discipline is the Stanford marshmallow experiment which was a study on delayed gratification. This study involved children being given the choice between one marshmallow now or having to wait 15 minutes and then getting two marshmallows afterwards. Later, a follow-up study found that the children who chose to wait, had an overall better life outcome. Self-discipline is about one's ability to control their desires and impulses...

The list provided below outlines frequently used terms and phrases used in South Africa. This compilation also includes borrowed slang from neighboring countries such as Botswana, Eswatini (formerly Swaziland), Lesotho, and Namibia. Additionally, it may encompass linguistic elements from Eastern African nations like Mozambique and Zimbabwe based on the United Nations geoscheme for Africa.

It is sometimes called *bairín breac*, and the term is also used as two words in its more common version. This may be from the Irish word *bairín* - transl. a loaf - and *breac* - transl. speckled (due to the raisins in it), hence it literally means a speckled loaf (a similar etymology to the Welsh *bara brith*).

Besides a denotative meaning, every concept has an affective meaning, or connotation, that varies along three dimensions: evaluation – goodness versus badness, potency – powerfulness versus powerlessness, and activity – liveliness versus torpidity. Affective meanings can be measured with semantic differentials yielding a three-number profile indicating how the concept is positioned on evaluation, potency, and activity (EPA). Osgood demonstrated that an elementary concept conveyed by a word or idiom has a normative affective meaning within a particular culture.

Whereas Foley...

Discipline Cultivation and enforcement of discipline includes positive/negative reinforcement, and routine. points of behavior. Practitioners of positive discipline believe that Discipline is the self-control that is gained by requiring that rules or orders be obeyed, and the ability to keep working at something that is difficult. It is based on the idea that there are no bad children, just good and bad behaviors. Disciplinarians believe that such self-control is of the utmost importance and enforce a set of rules that aim to develop such behavior

== Programme segments == 2c8fa0f2bb == Self-discipline == 2c8fa0f2bb This article covers French words and phrases that have entered the English lexicon without ever losing their character as Gallicisms: they remain unmistakably "French" to an English speaker. They are most common in written English, where they retain French diacritics and are usually printed in italics. In spoken English, at least some attempt is generally made to pronounce them as they would sound in French. An entirely English pronunciation is regarded as a solecism. 2c8fa0f2bb == Affective meaning == 2c8fa0f2bb == History == 2c8fa0f2bb

Glossary of French words and expressions in English particularly in a military context (French meaning is broader and corresponds more to "hardware";) mauvais quart d'heure lit. "bad quarter hour"; a short unpleasant Many words in the English vocabulary are of French origin ("gallicism"s). Most of them are coming from the Anglo-Norman spoken by the upper classes in England for several hundred years after the Norman Conquest, before the language settled into what became Modern English. English words of French origin, such as art, competition, force, money, and table are pronounced according to English rules of phonology, rather than French, and English speakers commonly use them without any awareness of their French origin 2c8fa0f2bb

"Jou Ma se kont" or "Jou Ma se poes" is a derogatory phrase that literally translates to "Your Mom's cunt"... 2c8fa0f2bb

List of South African slang words from the English "aunt";, with the original meaning still intact. anties – breasts/boobs or plural of the word "aunt"; aweh/awe (pronounced \AAAH-WHE\) – South Africa is a culturally and ethnically diverse country with twelve official languages and a population known for its multilingualism. Mixing languages in everyday conversations, social media interactions, and musical compositions is a common practice 2c8fa0f2bb

As with the term carpetbagger, the word has a long history of use as a slur in Southern partisan debates. The post-Civil War opponents of the scalawags claimed they were disloyal to traditional values and white supremacy. Scalawags were particularly hated by 1860s–1870s Southern Democrats, who called scalawags traitors to their region, which was long known for its widespread chattel slavery of Black people. Before the Civil War, most scalawags had opposed southern states' declared secession from the United States to form the Confederate States of America. 2c8fa0f2bb

Influence of Arabic on Spanish The influence results mainly from the large number of Arabic loanwords and derivations in Spanish, plus a few other less obvious effects. falúa/faluca fanega/hanega fanfarrón faranga (or haragán): Lazy, idler, loafer[?ifrndz] (listen). farda fardacho farfán fárfara farnaca farota farruco: Arabic influence on the Spanish language overwhelmingly dates from the Muslim era of the Iberian Peninsula between 711 and 1492 2c8fa0f2bb

Spirit of St. Louis was recorded in July 1980, in between the February-August 1980 recording sessions of The Clash's Sandinista! with the

same musicians and engineers (Foley herself provided guest vocals on Sandinista!) and has come to be regarded as a companion of that album. As well as The Clash, the album featured musical contributions by Blockheads Mickey Gallagher, John Turnbull, Norman Watt-Roy, and Davey Payne, and singer/multi-instrumentalist Tymon Dogg (sans Turnbull, all of whom played on Sandinista!). Each episode is based around Ramsay preparing a three-course meal at the F Word restaurant for 50 guests. Diners in the restaurant include celebrities, who participate in conversations, challenges, and cook-offs with Ramsay. Other segments focus on food-related topics such as alternative foods, visits by Ramsay to help people focus on healthy cooking and eating (some visits include taking on the occupations at the workplaces he visits), and even Ramsay himself demonstrating recipes of the courses to the home viewers. Finally, there was a series-long feature on home-reared livestock or poultry that was ultimately served to F Word diners on the series finale. 13 is a Fibonacci number and an ordered Bell number. In Sanskrit prosody, there are 13 combinations of light and heavy syllables that add to six morae, since 13 is a Fibonacci number. Because 13 is an ordered bell number, there are 13 orders in which a three-way horse race can finish, allowing for ties. A stable affective meaning derived either from personal experience or from cultural inculcation is called a sentiment, or fundamental affective meaning, in affect control theory. Affect control theory has inspired assembly of dictionaries of EPA sentiments for thousands of concepts involved in social life – identities, behaviours, settings, personal attributes...

13 (number) phobia, triskaidekaphobia, a word first recorded in 1911. The superstitious sufferers of triskaidekaphobia try to avoid bad luck by keeping away from anything 13 (thirteen) is the natural number following 12 and preceding 14

Spirit of St. Louis (album) 6, 2018. "Ellen Foley: Bringing New Meaning to the Word 'Versatile'". September 28, 2021. And I wanted to be there with Mick and he and the guys just offered to do the album with me. Please Kill Me. Retrieved October 22, 2025. Retrieved October Spirit of St. Louis is the second studio album by American singer and actress Ellen Foley, released in March 1981. Foley is backed by The Clash on all songs, half of which were written by Clash frontmen Joe Strummer and Mick Jones. Foley was dating Jones at the time, and later recalled, "We were together for about two and a half years and somewhere in the course of that, I was on the Epic label and I needed a second album

"Voetsek", or simply "tsek", is a fun way of telling someone to "fuck off". This is also used to scare unwanted animals away.

The F Word (British TV series) The programme covers a wide range of topics, from recipes to food preparation and celebrity food fads. the show was usually transmitted after the 9pm watershed, meaning that Ramsay's infamous bad language was no longer bleeped out. The theme tune for the series is "The F-Word" from the Babybird album Bugged. This series ran a campaign The F Word (also called Gordon Ramsay's F Word) is a British cookery programme featuring chef Gordon Ramsay. The programme was made by Optomen Television and aired weekly on Channel 4
