Republican Governance Group Governance Group, originally the Tuesday Lunch Bunch and then the Tuesday Group until 2020, is a group of moderate Republicans in the United States House of Representatives The Republican Governance Group, originally the Tuesday Lunch Bunch and then the Tuesday Group until 2020, is a group of moderate Republicans in the United States House of Representatives. In 2025, Roll Call wrote, "the group is less united from a singular political vision than a determination to shape legislation that's rooted in pragmatism". It was founded in 1994 in the wake of the Republican takeover of the House; the Republican House caucus came to be dominated by conservatives. It has historically been considered a center to center-right congressional caucus, with its members primarily from competitive House districts ab22b64514

== CT Group == ab22b64514 A SHG is a community-based group with 10-25 members. Members are usually women from similar social and economic backgrounds, all voluntarily coming together to save small sums of money, on a regular basis. They pool their resources to become financially stable, taking loans from their collective savings in

times of emergency or financial scarcity,
important life events or to purchase assets.
The group members use collective...

Self-help group (finance) 106. EDA and APMAS
Self-Help Groups in India: A Study of the Lights
and Shades, CARE, CRS, USAID A self-help
group (commonly abbreviated SHG) is a
financial intermediary committee usually
composed of 12 to 25 local women between
the ages of 18 and 50. A SHG is generally a
group of people who work on daily wages who
form a loose grouping or union. Money is
collected from those who are able to donate
and given to members in need. Most self-help
groups are in India, though they can be found
in other countries, especially in South Asia and
Southeast Asia. Operational Guide, Kumarian
Press, Bloomfield, CT, 2005, p ab22b64514

WebCT WebCT is significant in that it was the
world's first widely successful course
management system for higher education. To
their WebCT courses, instructors can add such
tools WebCT (Course Tools) or Blackboard
Learning System, now owned by Blackboard, is
an online proprietary virtual learning
environment system that is licensed to
colleges and other institutions and used in

many campuses for e-learning. At its height, it was in use by over 10 million students in 80 countries. To their WebCT courses, instructors can add such tools as discussion boards, mail systems, and live chat, along with content including documents and web pages. The latest versions of this software are now called Webcourses. that is licensed to colleges and other institutions and used in many campuses for e-learning ab22b64514

CT Group is a result the establishment of the CT Educational Society in 1997. CT Group is an academic conglomerate comprising multiple educational entities, including CT University, CT Institutions and two schools. ab22b64514 == Background == ab22b64514 == Geography == ab22b64514 Since its development in the 1970s, CT scanning has proven to be a versatile imaging technique. While CT is most prominently used in medical diagnosis, it can also be used to form images of non-living objects. The 1979 Nobel Prize in Physiology or Medicine was awarded jointly to British electrical engineer Godfrey Hounsfield and South African-American physicist Allan MacLeod Cormack "for the development... ab22b64514 Its predecessor, the Wednesday Group, was first founded in the House between 1961 and 1963 and then in the Senate

around... ab22b64514 The event includes a seminar to be conducted with a panel of experts from the industry and the media on the growth and technical advancement of Punjabi cinema. A screening of Punjabi short films and documentaries will be held to attract a greater audience for the genre. There is also a celebration night with the intention of honoring the veterans and contemporary stars who have dedicated their lives to Punjabi cinema. ab22b64514 CT scanners use a rotating X-ray tube and a row of detectors placed in a gantry to measure X-ray attenuations by different tissues inside the body. The multiple X-ray measurements taken from different angles are then processed on a computer using tomographic reconstruction algorithms to produce tomographic (cross-sectional) images (virtual "slices") of a body. CT scans can be used in patients with metallic implants or pacemakers, for whom magnetic resonance imaging (MRI) is contraindicated. ab22b64514 Members may also make small regular savings contributions over a few months until there is enough money in the group to begin lending. Funds may then be lent back to the members or to others in the village for any purpose. In India, many SHGs are linked with banks for the delivery of micro-credit. ab22b64514 The group offering

programmes in disciplines including Engineering, Pharmaceutical Sciences, Architecture & Design, Hotel Management & Airline Tourism, Sciences, Arts, Commerce, Education via its educational entities of Higher education viz CTU and CT Institutions, Jalandhar (16 Professional Institutes affiliated with government universities on two campuses). ab22b64514 == Statistics == ab22b64514 WebCT was originally developed at the University of British Columbia by a faculty member in computer science, Murray Goldberg. Goldberg is also the creator of Silicon Chalk (sold to Wimba (website) Archived 2020-12-02 at the Wayback Machine), Brainify (website... ab22b64514
