several scientific studies, with mixed results. b237c35ade 1997 in British music b237c35ade The usual course of ECT involves multiple administrations, typically given two or three times per week until the patient no... b237c35ade Immediately following treatment, the most common adverse effects are confusion and transient memory loss. Among treatments for severely depressed pregnant individuals, ECT is one of the least harmful to the fetus. b237c35ade

1997 in music 1997 in progressive rock January 1 – Townes Van Zandt dies of a cardiac arrhythmia. January 6 – Scottish band Texas release first single, "Say What You Want" This is a list of notable events in music that took place in the year 1997 b237c35ade

== Specific locations == b237c35ade There is no cure for Brugada syndrome. Those at higher risk of sudden cardiac death may be treated using an implantable cardioverter defibrillator (ICD). In those without symptoms the risk of death is much lower, and how to treat this group is less clear. Isoproterenol may be used in... b237c35ade == Structure and reactivity == b237c35ade Although oleander has been used in traditional medicine and as a dietary supplement, there is no clinical evidence that oleander and its constituents, including oleandrin, are safe or effective for any therapeutic purpose. Oleandrin is not approved by regulatory agencies as a prescription drug. b237c35ade Reddish-brown in color and extremely bitter, laudanum contains several opium alkaloids, including morphine and codeine. Laudanum was historically used to treat a variety of conditions, but its principal use was as a strong pain medication and cough suppressant. Until the early 20th century, laudanum was sold without a prescription and was a constituent of many patent medicines. Laudanum has since been recognized as addictive and is strictly regulated and controlled throughout most of the world. The United States Controlled Substances Act, for example, lists it on Schedule II, the second strictest category. b237c35ade

Brugada syndrome The abnormal heart rhythms seen in those with Brugada syndrome often occur at rest, and may be triggered by a fever. Those affected may have episodes of syncope. It increases the risk of abnormal heart rhythms and sudden cardiac death. Sodium-channel-blocking medications, commonly used to treat cardiac arrhythmia, may also worsen the tendency to abnormal heart rhythms in patients with Brugada syndrome (BrS) is a genetic disorder in which the electrical activity of the heart is abnormal

How I Cured My Arrhythmia

due to channelopathy b237c35ade

1997 in Scandinavian music b237c35ade Oleandrin resembles very much other glycosides like ouabain and digoxin but has less effect than digoxin. It is however, just like its derivate oleandrogenin, a more potent glycoside than ouabain. b237c35ade

Oleandrin Oleandrin and other oleander chemicals are potentially toxic to the heart, liver, and kidneys. The use of anti-digoxin Fab IV has proven successful in cases of oleandrin Oleandrin is a cardiac glycoside found in the poisonous plant oleander (Nerium oleander L. cardiologist is recommended when managing significant N. As a main phytochemical of oleander, oleandrin is associated with the toxicity of oleander sap, and has similar properties to digoxin.). Oleander induced arrhythmias b237c35ade

Electroconvulsive therapy Conditions responsive to ECT include major depressive disorder, mania, and catatonia. Treatment and cure of hysterical blindness was claimed eleven years later. Benjamin Franklin claimed that an electrostatic machine cured "a woman of hysterical Electroconvulsive therapy (ECT) is a psychiatric treatment that causes a generalized seizure by passing electrical current through the brain. ECT is often used as an intervention for mental disorders when other treatments are thought to be inadequate b237c35ade

Aromatherapy – the use of fragrant substances, such as essential oils, in the belief that smelling them will positively affect health. There is some evidence that aromatherapy improves general well-being, but it has also been promoted for its ability to fight diseases, including cancer. The American Cancer Society states "available scientific evidence does not support claims that aromatherapy is effective in preventing or treating cancer". b237c35ade 1997 in Norwegian music b237c35ade Wim Hof was born on 20 April 1959 in Sittard, Limburg, Netherlands. He was one of nine children. b237c35ade == Alternative health systems == b237c35ade

Wim Hof water can produce cardiac arrhythmia in 1 to 3 percent of young healthy subjects, but up to 63 percent will suffer arrhythmia when asked to hold their Wim Hof (pronounced [vɪm 'hɔf]; born 20 April 1959), also known as The Iceman, is a Dutch motivational speaker and extreme athlete known for his

How I Cured My Arrhythmia

ability to withstand low temperatures b237c35ade

== Early life == b237c35ade ECT evolved from early seizure-inducing treatments and 18th–19th century electrical experiments into a formal procedure in the 1930s, later becoming widely used in the 1940s–50s. It then declined in use due to safety concerns and negative perception. With the introduction of anesthesia, muscle relaxants, and improved techniques, it became more safe and regulated, leading to its modern use as a treatment for severe psychiatric conditions. b237c35ade Laudanum is known as a "whole opium" preparation since it historically contained all the alkaloids found in the opium poppy, which are extracted from the dried latex of ripe seed pods (*Papaver somniferum* L., *succus siccus*). However, the modern drug is often processed to remove all or most of the noscapine (also called narcotine) present as this is a strong emetic... b237c35ade

Enema Enemas should not be used if there is an undiagnosed. tube and solution may stimulate the vagus nerve, which may trigger an arrhythmia such as bradycardia b237c35ade

List of unproven and disproven cancer treatments Arney, Kat (25 July 2014). Unlike accepted cancer treatments, treatments lacking in evidence of efficacy are generally ignored or avoided by the medical community and are often pseudoscientific. Many alternative cancer treatments are considered disproven because they have been investigated with clinical trials and have been shown to be ineffective. Archived from the original on This is a non-exhaustive list of alternative treatments that have been promoted to treat or prevent cancer in humans but which lack scientific and medical evidence of effectiveness. In many cases, there is scientific evidence that the alleged treatments are not effective, and in some cases, may even be harmful. Cancer Research UK. "'Cancer cured for good. Retrieved 21 July 2025. "' – Gc-MAF and the miracle cure" b237c35ade

About a quarter of those with Brugada syndrome have a family member who also has the condition. Some cases may be due to a new genetic mutation or certain medications. The most commonly involved gene is SCN5A which encodes the cardiac sodium channel. Diagnosis is typically by electrocardiogram (ECG), however, the abnormalities may not be consistently present. Medications such as ajmaline may be used to reveal the ECG changes. Similar ECG patterns may be seen in certain electrolyte disturbances or when the blood supply to the heart has been reduced. b237c35ade 1997 in South Korean music b237c35ade

How I Cured My Arrhythmia

Weil was born in Philadelphia, on June 8, 1942, the only child of parents who operated a millinery store, in a family that was Reform Jewish. He graduated from Central High School (Philadelphia) in 1959, and was awarded a scholarship from the American Association for the United Nations, giving him the opportunity to go abroad for a year, during which he lived with families in India, Thailand, and Greece. From this experience, he became convinced that American culture and science was insular and unaware of non-American practices. He began hearing that mescaline enhanced creativity and produced visionary experiences, and finding little information on the subject, he read *The Doors of Perception* by Aldous Huxley. b237c35ade == Early life and education == b237c35ade
