Economy of Mauritius Since the early 1970s, the government of has diversified. Mauritius has a mixed developing economy based on agriculture, exports, financial services, and tourism 2e3ef2c646

More specifically, a mixed economy may be variously defined as an economic system blending elements of a market economy with elements of a planned economy, markets with state interventionism, or private enterprise with public enterprise. Common to all mixed economies is a combination of free-market principles and principles of socialism. A mixed economy can be a reformist transitional phase of a socialist economy that allows a substantial role for private enterprise and contracting within a dominant economic framework of public ownership. This can extend to a Soviet-type planned economy that has been reformed to incorporate a greater role for markets in the allocation of factors of production. 2e3ef2c646
