The controversy began in Spain, where Hunt was initially disqualified from first place, handing the victory to Lauda, only for the decision to be overturned on appeal months later. In protest, Ferrari declined to enter the Austrian Grand Prix. Hunt won in France and, it seemed, in Britain, but the race had been restarted after a first lap pile-up and Hunt drove on an access road returning to the pits, which was against the rules. He was eventually disqualified after an appeal from Ferrari. Lauda became the official race winner. Verstappen became the first-ever driver from the Netherlands, the first Honda-powered driver since Ayrton Senna in 1991, the first Red Bull driver since Sebastian Vettel in 2013 and the first non-Mercedes driver in the turbo-hybrid era to win the World Championship. This season saw the return of Aston Martin since 1960 after Lawrence Stroll invested into the British marque. d47704eb85

Toyota in Formula One Panasonic Toyota Racing was a Formula One team owned by the Japanese automobile manufacturer Toyota Motor Corporation and based in Cologne, Germany. On 4 November 2009, Toyota announced its immediate withdrawal from Formula One, ending the team's involvement in the sport after eight consecutive seasons. The new team grew from Toyota's long-standing Toyota Motorsport GmbH organisation, which had previously competed in the World Rally Championship and the 24 Hours of Le Mans. Despite scoring a point in their first-ever race, Toyota never won a Grand Prix, their best finish being second, which they achieved five times. Toyota announced their plans to join Formula One in 1999, and after extensive testing with their initial car, dubbed the TF101, the team made their debut in 2002. In the Drivers' Championship, McLaren teammates Alain Prost and Niki Lauda enjoyed a season-long duel. Prost won seven races to equal Jim Clark's record from 1963, over Lauda's five, but the Austrian eventually prevailed by half a point – the smallest margin in Formula One history. It was Lauda's third title, but his first since 1977, breaking the record of six years between World Championship victories set by Jack Brabham in 1966. Reigning champion Nelson Piquet finished fifth in the championship. The season also saw the debut of eventual three-time World Champion Ayrton Senna. d47704eb85

Toyota was a well-funded team, but despite this, strong results had never been consistent. d47704eb85 The season was highlighted by the rivalry between Alonso and Schumacher, who each won seven races. Renault and Ferrari drivers dominated the field, victorious in all but one race: the Hungarian Grand Prix was won by Honda's Jenson Button, and the four second-place finishes not achieved by Renault or Ferrari were accomplished by McLaren. This season also marked the beginning of the usage of 2.4L V8 engines in Formula One from the 3.0L V10 engines that were

used in the previous seasons, which continued until the end of the 2013 season. 2006 was also the first season since 1988 and 1997 respectively to feature... The concept of a single unified championship for inshore powerboats had been conceived three years previously in 1978 when David Parkinson, an experienced PR manager, was offered the support of Mercury Marine, one of his clients, if he could establish such a series. The concept became the Canon Trophy, sponsored by another of Parkinson's clients, Canon Inc.

The change was met with widespread negative public reaction, and New Coke came to be regarded as a significant marketing failure. Within three months, the Coca-Cola Company reintroduced the original formula under the name "Coca-Cola Classic", which produced a notable increase in sales. The reversal prompted speculation that the formula change had been a deliberate strategy to revive interest in the original product, an interpretation the company has consistently disputed. The episode generated lasting discussion about brand identity and consumer attachment, and gave rise to several conspiracy theories regarding the company's motives. Analyses of the taste-test methodology used during the product's development have...
