Sharp global temperature and sea level changes, shifting precipitation patterns and increased frequency of extreme weather events are some of the main impacts of climate change as identified by the Intergovernmental Panel on Climate Change (IPCC). The MENA region is especially vulnerable to such impacts due to its arid and semi-arid environment, facing climatic challenges such as low rainfall, high temperatures and dry soil. The climatic conditions that foster such challenges for MENA are projected by the IPCC to worsen throughout the 21st century. If greenhouse gas emissions are not significantly reduced, part of the MENA region risks becoming uninhabitable before the year 2100. 772b916830 The office of Minister of State for Middle East and North Africa was held by James Cleverly MP from 13 February 2020 to 8 February 2022. In December 2021, the post adopted responsibility for North America and became the deputy to the Foreign Secretary. 772b916830
