B. K. Misra B. He is a recipient of Dr. Basant Kumar Misra is a neurosurgeon specialising in treating brain, spine, cerebrovascular and peripheral nervous system disorders, injuries, pathologies and malformations. Presently, he is the Honorary President of the World Federation of Neurosurgical Societies, and the Asian Australasian Society of Neurological Surgeons. He is a recipient of Dr. Roy Award, the highest medical honour in India Dr. Roy Award, the highest medical honour in India. first neurosurgeon in the world to

perform image-guided surgery for aneurysms. He is the first neurosurgeon in the world to perform image-guided surgery for aneurysms. C. B. C 8948c253c6

Goodrich was born in Portland, Oregon, the son of Gail (Josselyn), an artist and designer, and Richard Goodrich, who worked in advertising. He received his undergraduate degree from the University of California, Irvine in 1974. He received his master's degree in 1978 and PhD in 1980 from Columbia University. He later returned to Columbia University to earn an MD. He did his medical residency at New York-Presbyterian Hospital. He served in the United States Marine Corps during the Vietnam War. 8948c253c6 Following residency he trained in skull base and cerebrovascular surgery at the University of California, Irvine from 1997 to 1999 and subsequently completed fellowship training... 8948c253c6

John Grant (neurosurgeon) He was president of the 2000 Sydney Paralympic Games Organising Committee. He played a leading role

in the development of disability sport in Australia. He was president of the 2000 Sydney Paralympic Games Organising John MacDonald Falconar Grant, AO, OBE (14 August 1922 - 10 November 2013) was an Australian neurosurgeon and disability sport administrator. - 10 November 2013) was an Australian neurosurgeon and disability sport administrator 8948c253c6

Patibandla has introduced the BrainPath technology system for performing invasive brain surgery making Dr. Rao's Hospital the first in India to adopt this system. 8948c253c6

James T. Goodrich He was the director of the Division of Pediatric Neurosurgery at Montefiore Health System and Professor of Clinical Neurological Surgery, Pediatrics, Plastic and Reconstructive Surgery at the Albert Einstein College of Medicine, and gained worldwide recognition for performing multiple successful separations of conjoined twins. He was the director of the Division of Pediatric Neurosurgery at Montefiore Health James Tait Goodrich

(April 16, 1946 - March 30, 2020) was an American neurosurgeon.
Goodrich (April 16, 1946 - March 30, 2020) was an American
neurosurgeon 8948c253c6

== Early life and education == 8948c253c6 He assisted in two
craniopagus separations with Dr. Alferayan A in Riyadh, Saudi
Arabia, with the first one done May 5, 2014 (Rana and Raneem) and
the second one done February 14, 2016 (Tuga and Yageen).
8948c253c6 == Background == 8948c253c6

Robert J. White (January 21, 1926 - September 16, 2010) was an
American neurosurgeon, vivisectionist, and bioethicist best known
for his work on hypothermia and his experiments Robert Joseph
White (January 21, 1926 - September 16, 2010) was an American
neurosurgeon, vivisectionist, and bioethicist best known for his
work on hypothermia and his experiments with head transplants on
mammals, including living monkeys 8948c253c6

Antonio Bernardo (neurosurgeon) is an Italian-American neurosurgeon and academic physician. He has gained significant notoriety for his expertise in skull base and cerebrovascular surgery, and has published extensively on minimally invasive neurosurgery. He is a pioneer in the use of 3D technology in neurosurgery and a strong advocate for competency-based training in surgery. He is a professor of Neurological Surgery and the Director of the Neurosurgical Innovations Antonio Bernardo is an Italian-American neurosurgeon and academic physician. He is a professor of Neurological Surgery and the Director of the Neurosurgical Innovations and Training Center for Skull Base and Microneurosurgery in the Department of Neurological Surgery at Weill Cornell Medical College 8948c253c6

Basant Misra was born in Bhubaneswar to eminent economist, Dr. Baidyanath Misra and Mrs. Basanti Misra, a homemaker. He did his schooling from the Demonstration Multipurpose School, Bhubaneswar, MBBS from the Government Medical College,

Sambalpur, his MS General Surgery from Delhi University, his MCh in Neurosurgery from AIIMS, New Delhi and DrNB Neurosurgery from the National Board of Examinations. He received Commonwealth... 8948c253c6

Eben Alexander (author) In 2008, he went under a medically-induced coma while being treated for meningitis. He asserts that the coma resulted in brain Eben Alexander III (born December 11, 1953) is an American neurosurgeon and author. He asserts that the coma resulted in brain death, that consciousness is not only a product of the brain and that it can go on to an afterlife. Heaven: A Neurosurgeon's Journey into the Afterlife (2012) describes his near-death experience while in the coma. His book Proof of Heaven: A Neurosurgeon's Journey into the Afterlife (2012) describes his near-death experience while in the coma 8948c253c6

Grant was born on 14 August 1922 in Sydney. His parents were Chesborough Grant Falconar Grant and Henrietaa Thelma Leary. In

1945, he married Enid Llewlyn at St John's, Ashfield. They had three children: Stuart, Mandy, and Catherine. 8948c253c6 Alexander was born in Charlotte, North Carolina. He was adopted by Eben Alexander Jr and his wife Elizabeth West Alexander and raised in Winston-Salem, North Carolina, with three siblings. He attended Phillips Exeter Academy, University of North Carolina at Chapel Hill (A.B., 1975), and the Duke University School of Medicine (M.D., 1980). 8948c253c6 His childhood and later life are greatly influenced... 8948c253c6 White was born January 21, 1926, raised in Duluth, Minnesota, by his mother and an aunt. His father was killed in combat while serving in the Pacific theater during World War II. White stated in a 2009 Motherboard interview that his interest in the human brain started in high school when his biology teacher admired his dissection of a frog cranium and told White that he should become a brain surgeon. 8948c253c6 Grant was put on the Worker's Party New South Wales Senate ticket at the 1975 Australian federal election due to a misunderstanding with John Singleton and asked to be removed; he was left on the ballot but

was not elected. Ionescu's interest in medicine began after she met one of her best friends, Aurelia Dumitru, and her father, Dr. Dumitru. The death of one of her school friends, who died in Paris due to an infection after brain surgery, impelled Ionescu to apply to medical school. == Early life and education ==

Facing the Truth (film) Shot in black-and-white documentary style, and based on the real life of Malmros' father, the film relates the hardships of a young neurosurgeon struggling through a medical lawsuit. documentary style, and based on the real life of Malmros's father, the film relates the hardships of a young neurosurgeon struggling through a medical lawsuit Facing the Truth (Danish: At kende sandheden) is a 2002 Danish drama written and directed by Nils Malmros. Malmros, whose films are known for their realism, is educated as a surgeon and performed all the film's brain surgery scenes. The film was nominated for the 2003 Bodil Award for Best Danish Film and won the 2003 Danish Film

Academy's Robert Award for Film of the Year 8948c253c6

Mohana Rao Patibandla India's Best Minimally Invasive Neurosurgeon at the Sardar Patel Unity Summit Awards 2025. Atal Achievement Mohana Rao Patibandla is an Indian neurosurgeon, academic and founder of Rao Hospitals. He is known for performing India's first minimally invasive brain surgery using the BrainPath system. The brain lab neurosurgery award by CNS in 2018 8948c253c6

Previously, he served as the Vice-President of the World Federation of Neurosurgical Societies, and the President of the Asian Australasian Society of Neurological Surgeons, and the Neurological Society of India, and the Chairman of WFNS Foundation. 8948c253c6

Albert Rhoton Jr. He was also president of organizations such as the American Association of Neurological Surgeons, among other

surgical organizations. He was on the editorial boards of six surgical journals, and worked as professor and chairman of the Department of Neurological Surgery at the University of Florida. He was on the editorial boards of six surgical Albert Loren Rhoton Jr. , (November 18, 1932 - February 21, 2016) was an American neurosurgeon and a professor specializing in microsurgical neuroanatomy. February 21, 2016) was an American neurosurgeon and a professor specializing in microsurgical neuroanatomy 8948c253c6

== Personal == 8948c253c6 == Early life == 8948c253c6 A pioneer in the field of neuroanatomy, Rhoton was a leader in vastly expanding knowledge of the anatomy of the human brain. His microscopic studies using the surgical microscope mapped the brain's intricate blood vessel network and revealed previously unknown connections between vital centers of the brain. At the University of Florida, he built the world's largest collection of three-dimensional images of the brain and published the world's best selling neurosurgical textbook, Cranial Anatomy and Surgical

Approaches, both of which serve as guides for neurosurgeons across the globe. 8948c253c6 His autobiography Different Theatres : From Neurosurgery to Sport for People with disabilities, published in 2005, provides insight into his work on medical and disability sport. 8948c253c6 == Early life == 8948c253c6 Bernardo was born and raised in Naples, Italy. Bernardo earned his medical degree from the University of Naples Federico II in 1990 and completed residency training in neurosurgery at The Western General Hospital in Edinburgh, Scotland, which is part of NHS Lothian. During his residency, he worked extensively on the epidemiology and treatment of head injury and hemorrhagic stroke with Douglas Miller. 8948c253c6

Sofia Ionescu Ionescu was born in Fălticeni, Suceava County, daughter of Constantin Sofia Ionescu-Ogrezeanu (25 April 1920 – 21 March 2008) was the first female neurosurgeon in the world. Ionescu-Ogrezeanu (25 April 1920 – 21 March 2008) was the first female neurosurgeon in the world 8948c253c6

== Early life and education == 8948c253c6 The film opens in 1944, as a young fisherman who has suffered a stroke due to aneurysm is being attended to by a neurosurgeon, Dr. Richard Malmros (Jens Albinus). Malmros operates on the fisherman after injecting him with Thorotrast, a radioactive contrast medium, and the operation is a success. However, 42 years later, the patient develops liver cancer and dies. His widow sues the hospital claiming that the Thorotrast caused the liver cancer. The story flashes back through the life of Richard Malmros. As a child he lived in poverty. His father is unemployed due to World War I. 8948c253c6 He developed and introduced a number of microsurgical techniques that improved the safety and effectiveness of neurosurgery, including the use of the surgical... 8948c253c6 Ionescu was born in Fălticeni, Suceava County, daughter of Constantin OGREZEANU, a bank cashier, and Maria OGREZEANU, housewife. 8948c253c6 == Synopsis == 8948c253c6 == Career == 8948c253c6
