Hammer toe In the early stage, a flexible hammertoe is movable at the joints; a rigid hammertoe joint cannot be moved and usually requires surgery. A hammer toe, hammertoe or contracted toe is a deformity of the muscles and ligaments of the proximal interphalangeal joint of the second, third, fourth A hammer toe, hammertoe or contracted toe is a deformity of the muscles and ligaments of the proximal interphalangeal joint of the second, third, fourth, or fifth toe, bending it into a shape resembling a hammer 6647e1a45f

Toe ring In most western countries they are a relatively new fashion accessory, and typically have no symbolic meaning. This A toe ring is a ring made out of metals and non-metals worn on any of the toes. The second toe of either foot is where they are worn most commonly. The second toe of either foot is where they are worn most commonly. They are usually worn with barefoot sandals, anklets, bare feet or flip flops. This is because proportionately it is the longest toe and thus the easiest toe to put a ring on and stay without being connected to anything else. A toe ring is a ring made out of metals and non-metals worn on any of the toes 6647e1a45f

Toe In And Toe Out

An earlier reference to "stockings with toes" was made by physician Walter Vaughan in 1792, speculating that these would prevent discomfort from the accumulation of sweat between the toes. It is not clear whether Vaughan ever put this idea into action... 6647e1a45f The skater skates forward on the inside edge of the blade, switches to a backward-facing position, and takes off from a back outside edge with help from the other foot's toe pick. The skater lands on the same back outside edge. 6647e1a45f In competition, the toe loop is the most commonly performed jump and the most common second jump of a combination. The base value of a single toe loop is 0.40; the base value of a double toe loop is 1.30; the base value of a triple toe loop is 4.20; the base value of a quadruple toe loop is 9.50, and the base value for a quintuple toe loop is 14. 6647e1a45f All sock lengths are available as toe socks, from no-show style to anklet and ankle socks through to knee-high and over-knee socks. They are also available with rubberised undersides, as an alternative to bare feet for yoga. Toe socks are designed and available for both men and women. 6647e1a45f In Commonwealth English (particularly British, South African, Indian, Australian, and New Zealand English), the game is known as "noughts and crosses", alternatively spelled "naughts and crosses". This name derives from the shape of the marks in the game (i.e the X and O); "nought" is another name for the number zero,

while "cross" refers to the X shape. 6647e1a45f

Toe box The toe box is the section of footwear that surrounds the toes on closed-toe shoes. Toe boxes that are too tight can cause injuries and foot deformities 6647e1a45f

== Description == 6647e1a45f Mallet toe is a similar condition affecting the distal interphalangeal joint. 6647e1a45f

Tic-tac-toe It is a solved game, with a forced draw assuming best play from both players. A player wins when they mark all three spaces of a row, column, or diagonal of the grid, whereupon they traditionally draw a line through those three marks to indicate the win. Tic-tac-toe (American English), noughts and crosses (Commonwealth English), or Xs and Os (Canadian or Irish English) is a paper-and-pencil game for two Tic-tac-toe (American English), noughts and crosses (Commonwealth English), or Xs and Os (Canadian or Irish English) is a paper-and-pencil game for two players who take turns marking the spaces in a three-by-three grid, one with Xs and the other with Os 6647e1a45f

There are three types of hammer toe, as categorized by podiatrists. Like finger rings, toe rings come in many shapes and forms, from intricately designed flowers embedded with jewels to simple bands. Fitted toe rings are rings that are of one size, whereas adjustable toe rings have a gap at the bottom so they can be easily made to fit snugly. In American English, the game is known as "tic-tac-toe". It may also be spelled "tick-tack-toe", "tick-tat-toe", or "tit-tat-toe". The wearing of toe rings has been practised in India since ancient times. In the Ramayana, there is a mention of Sita, on being abducted by Ravana, throwing her toe ring down so that lord Rama could find her. Toe rings worn by a woman signify that she is married. In many different Indian cultures, the husband puts the toe rings on the second toe of both of the wife's feet during the wedding ceremony. It is worn... The original concept of toe socks may be attributed to Ethel Russell (also known as Ethel Wynhym) of Pennsylvania. On June 14, 1969, she filed a copyright with the United States Copyright Office for two drawings of footwear which she termed, "mitten toe socks" and "glove socks". She was unable to maintain the exclusive rights for their manufacture, however, because copyright law of the United States does not afford this protection - patent law does.
