Hayashi explained that having a cast of several characters of one gender and a single one of the other gender was a trend at the time; he wondered what it would be like if Mackey (Sylia's brother) was a main character of a show, reversing the scenario in Bubblegum. This became the basis for the Bubblegum Crisis. fae21cb4b7 == Terminology == fae21cb4b7 == 1966 TV drama == fae21cb4b7

These include "grain avoidance" diets, in which practitioners consume only qi (breath) instead of solid food, and the ingestion of Daoist alchemical elixirs of life, which were often poisonous and could be fatally toxic. fae21cb4b7
