Predator (fictional species) luminescent blood, filmmakers used a mixture of glow stick fluid and K-Y Jelly. Initially conceived by screenwriters Jim and John Thomas and designed by special effects artist Stan Winston, the species made its first appearance as the titular villain in the 1987 science fiction action film *Predator*, directed by John McTiernan. Depicted as large, sapient and sentient humanoid beings equipped with advanced technologies such as active camouflage, directed-energy weapons, and interstellar spacecraft, they became emblematic horror monsters of the late 20th century, blending the tropes of slasher villains with elements of alien invasion and militaristic survival narratives. Green was chosen after attempts at making the creatures blood orange failed. The Predators are a fictional extraterrestrial species from *Predator* characterized by their ritualistic trophy hunting of other lifeforms.
