List of people with bipolar disorder that it was all rolled together and you know being bipolar and how that felt and I was struggling with how to say it. See 47:06–47:13 in this video "Sting's Numerous notable people have had some form of mood disorder. This is a list of people accompanied by verifiable sources associating them with some form of bipolar disorder (formerly known as "manic depression"), including cyclothymia, based on their own public statements; this discussion is sometimes tied to the larger topic of creativity and mental illness 002e7d4d5b

Bipolar disorder During periods of depression, the individual may experience crying, have a negative outlook, and demonstrate poor eye contact. If the elevated mood is severe or associated with psychosis, it is called mania; if it does not significantly affect functioning, it is called hypomania. There is usually sleep disturbance during manic phases. During mania, an individual behaves or feels abnormally energetic, happy, or irritable, and often makes impulsive and reckless decisions. Approximately 34% attempt suicide during their lifetime. Among adolescents with BD, 78% engaged in self-harm. 7 times greater risk of dying by suicide than the general population. Bipolar disorder (BD), previously known as manic depression, is a mental disorder characterized by periods of depression and abnormally elevated mood Bipolar disorder (BD), previously known as manic depression, is a mental disorder characterized by periods of depression and abnormally elevated mood, lasting days to weeks, and in some cases months. People with BD are at 11 002e7d4d5b
