In a song review for AllMusic, critic Richie Unterberger commented, "It should be pointed out ... that the Rolling Stones, even in 1964, were more versatile and open toward non-blues-rooted music than is often acknowledged by critics." He describes his declining mental state in the wake of her departure and expresses excitement about his forthcoming admission to a psychiatric hospital. However, the final verse reveals that the narrator is not addressing a woman but a runaway dog: "They'll find you yet, and when they do, they'll put you in the ASPCA, you mangy mutt!" 524805a5c3 The lyrics' tone is positive and hopeful. A soldier is telling his girlfriend that "all the world looks bright." The war is over and he is returning home. He proclaims that "happy days" are in their near future, and even promises that wedding bells will soon ring. The chorus is as follows: 524805a5c3 == Skids' original version == 524805a5c3 Mes (Prachaya Ruangroj) died over 20 years ago with no one ever looking after his grave.
