Which brings us to our next finger. The word pinky is derived from the Dutch word pink which means as much as a little finger. The earliest recorded use of the term pinky goes back to Scotland in the year 1808. Wearing a pinky ring for men has a long history of symbolism. For example, in Victorian times, men including Prince Albert would wear their wedding band on their pinky ring. Sometimes, it was also stacked underneath their signet ring which was also worn on their pinky finger. On the other hand, in the US, pinky rings were sometimes associated with criminals and thugs.
