Common snapping turtle The common snapping turtle, as its name implies, is the most widespread. Its natural range extends from southeastern Canada, southwest to the edge of the Rocky Mountains, as far east as Nova Scotia, and Florida. alligator snapping turtles (genus *Macrochelys*) are the only extant chelydrids, a family now restricted to the Americas. serpentina population in the Middle Rio Grande suggests that the common snapping turtle has been present in this drainage since at least the 17th century and is likely native. The three species of *Chelydra* and the larger alligator snapping turtles (genus *Macrochelys*) are the only extant chelydrids, a family now restricted to the Americas. The common snapping turtle, as The common snapping turtle (*Chelydra serpentina*) is a species of large, freshwater turtles in the family Chelydridae. The present-day C b626bb5054

Although it was once believed that only one extant species exists in the genus *Macrochelys*, recent studies have shown that there are two species, the other being the Suwannee snapping turtle (*M. suwanniensis*) of the Suwannee River. The most recent common ancestor (MRCA) of the two species lived approximately 3.2 to 8.9 million years ago, during the late Miocene to late Pliocene. A third species, the Apalachicola snapping turtle (*M. apalachicola*), has been proposed, but is generally not recognized. b626bb5054 == Action == b626bb5054

Crunk has been called the "predecessor of snap". Hip Hop DX magazine described snap music as a "laid back version of its forbearer [sic], crunk music". b626bb5054 == History == b626bb5054 The music video was directed by Focus Creeps and was released on 16 June 2014. In the video, a woman (Stephanie Sigman) sits on her couch, and watches footage of the band recording in the studio. She gets fixated on frontman Alex Turner and starts crying, dancing, and puts her face close to the television. Towards the end, she also appears in the recording, alluding to, that in the story, they were a couple and now they had broken up. b626bb5054 It is suggested that snap music appeared around 2000 in a crime-infested neighborhood of Bankhead, Atlanta, Georgia. Bankhead was a place where the difference between poor and rich was striking, and, as it has been described, "a lighter... b626bb5054

Snap music commonly consist of an 808 bass drum, hi-hat, bass, snapping, a main groove and a vocal track. Hit snap songs include Snap music (also known as snap, ringtone rap or snap rap) is a subgenre of hip hop music derived from crunk that originated in southern United States in the 2000s, in Bankhead, West Atlanta, United States. It achieved mainstream popularity throughout the mid-late 2000s, but declined shortly thereafter. Popular snap artists include D4L, Ramage, Dem Franchize Boyz and K-Rab. Snap songs may also incorporate whistling b626bb5054

Alligator snapping turtle It is often associated with, but not closely related to, the common snapping turtle, which is in the genus *Chelydra*. species, the Apalachicola snapping turtle (*M.
