== Biography == b2eddc4f51 He was Minister of State for Presidents Patricio Aylwin and Michelle Bachelet. b2eddc4f51 From 1935 to 1998 the company Pizarreño contaminated its neighborhood and its workers' homes with asbestos while producing toxic building materials. The company's eponymous asbestos boards are the most notorious asbestos-rich material the company produced. In 1951 the Pizarreño moved its manufacture plant to Maipú near the road to Melipilla in the western periphery of Santiago. In Maipú, the company built Villa Pizarreño in the 1950s, a house complex next to the factory for its workers. Pizarreño's workers had to wash their clothes at home, contributing to the spread of asbestos and further exposing their relatives to the mineral. This situation lasted until 1989, when a system for washing clothes in the workplace was inaugurated. b2eddc4f51
