I thought I had changed that. "permit. "Indiaman Content, the frigate Castor"
Content is notable but Castor not. What's the difference. Castor now red linked 35a01c82e6

Cultural views on the midriff and navel
The image that appeared in most publications had the belly button
Cultural views on the midriff and navel vary significantly. In some cultures the navel is seen as sexually and culturally significant, and its exposure has been subject to a variety of cultural norms and taboos, based on concepts of modesty. The views, customs and fashions relating to the midriff and navel change from time to time, and such exposure has become more widely acceptable, as reflected in the designs of clothing. belly button posing on a rock above the caption "What to show your wife in Scandinavia" 35a01c82e6
