The article should of course be speedy deleted (I removed some material before realizing this was the case). In 1999, the crew began the series with a pilot episode titled "Banjo Frenzy", which features a blue dinosaur, a light blue squirrel, a yellow rabbit (Cuddles), and a purple beaver. The first official episode is titled "Spin Fun Knowin' Ya!" which, although it was produced in 1999, was uploaded to the Mondo Media website in December 2000 and featured later versions of the dinosaur (now a moose), rabbit, squirrel, and beaver. From that point on, the writers began introducing new characters to the show. It quickly became an internet phenomenon, receiving millions of views per episode. In 2006, the Happy Tree Friends television series aired on G4 in the United States. It also aired on G4 and Razer in Canada in 2007.
