== sea water what is the boiling point? == 00205ee541 Perhaps some of the Portuguese colonies that were abruptly granted independence in 1975. The Spanish Sahara and parts of New Guinea among them, and East Timor, maybe. I don't really know the details. Michael Hardy 21:35, 6 Sep 2004 (UTC) 00205ee541

List of Tenchi Muyo! characters Projective geometry states that each higher-dimensional space is an infinite The following is a list of the major characters from the anime and manga series Tenchi Muyo. War on Geminar, Tenchi Universe, Tenchi in Tokyo, and Ai Tenchi Muyo. Ryo-Ohki and its spin-offs Tenchi Muyo. GXP, Tenchi Muyo. are 22 known Dimensional Supervisors, one in charge of each dimensional space 00205ee541

Removed for consistency 00205ee541 While we may not think about it, the ants underneath us can be especially brutal in their day-to-day lives. From kidnapping the young of a colony to raise as their own and use for work, to overthrowing a host queen and taking over the colony, these little guys can be frightening. After the GA review, this underwent a peer review, and I believe this now meets the FA criteria. 00205ee541 In an interview with AIC, Hayashi described Bubblegum Crisis as "[a] pretty gloomy

anime. Serious fighting, complicated human relationships, and dark Mega Tokyo." Hayashi and Kajishima thought it would be fun to create some comedic episodes with ideas like the girls going to the hot springs, but these ideas were rejected by their sponsors. Hayashi explained that having a cast of several characters of one gender and a single one of the other gender was a trend at the time; he wondered what it would be like if Mackey (Sylia's brother) was a main character of a show, reversing the scenario in Bubblegum. This became the basis for the Bubblegum Crisis. 00205ee541 "contain a supergene" - not sure if this is genetically correct. I believe most/all ants have this supergene, but that it is mutated in these ants. Adding the word "mutated" should fix this. 00205ee541 == Origin of the universe == 00205ee541

Wikipedia:Language learning centre/Word list A big list will constantly show you what words you don't know and what you need to work on and is useful for testing yourself. clearup clearups clearway cleat cleavage cleavages cleave cleaved cleaver cleavers cleaves cleaving clef cleft clefts cleg clemantine clematis clemency Drawing up a comprehensive list of words in English is important as a reference when learning a language as it will show the equivalent words you need to learn in the other language to achieve fluency. You can use the list to generate your own lists in whatever language you're learning and to test yourself. Eventually these words will all be translated into big lists in many different languages and using the words in phrase contexts as a resource 00205ee541

Wikipedia:Reference desk/Archives/Science/January 2006 So the answer to your question about $= \text{January } 1 = . \text{ relation } p^2 = m^2$ (the solution of which is a 3 dimensional hyperboloid shell in the 4 dimensional momentum space) 00205ee541

@RoySmith: That's actually very interesting, from a skim of what I can access right now, it looks like the more primitive the taxa the more common parasitism is, and I suppose that may have something to do with it. I'll take a deeper look soon and see if I can find more reliable stuff on that that can be included in the article. Sophisticatedevening 01:59, 2 July 2025 (UTC)reply 00205ee541 Done 00205ee541 Q) A positive integer 'n' has the property that the least common multiple of n and 36 is 500 greater than the greatest common factor of n and 36. What is 'n'? Written mathematically: $\text{LCM}(36,n) - 500 = \text{GCF}(36,n) \dots n=?$ 00205ee541 I already reviewed this at PR, so I'll just add something interesting I noticed. Aculeata says A large part of the clade is parasitic, and going one more step up the tree, Hymenoptera also says Many of the species are parasitic. Ant, however, makes no such statement. It would be interesting to explore why parasitism is (apparently) so common in Aculeata and Hymenoptera but not generally in Formicidae. RoySmith (talk) 01:31, 2 July 2025 (UTC)reply 00205ee541

Nominator(s): Sophisticatedevening 01:02, 2 July 2025 (UTC)reply 00205ee541 Added the genera it was observed in in the main+lead 00205ee541 Where was the earliest fossil egg found? 00205ee541 Download the file enwiki-YYYYMMDD-pages-articles.xml.bz2 from the most recent dump. For example, on your.org, go to directory YYYYMMDD for the most recent date (for example 20171020), and retrieve the requested file (for example enwiki-20171020-pages-articles.xml.bz2). 00205ee541 Hi GGOTCC, just checking that this should be taken as support for promoting the article to featured status? Thanks. Gog the Mild (talk) 17:06, 23 July 2025 (UTC)reply 00205ee541 The summary of social parasitic syndrome in the lead is unsatisfying. For one, it doesn't make clear whether this is a species-wide thing (not clear from reading the main section either) or a change specific to individual ants. I would also suggest condensing "a series of changes to their anatomy during their evolution towards exploitative

behaviors" to something like "changes to their anatomy adapted for parasitism", which would be shorter and more to-the-point. 00205ee541 At the level of practice, the analytic approach questions the meaning and purpose of the historical process whereas the speculative approach studies the foundations and implications of history and the historical method. The names of these are derived from C. D. Broad's distinction between critical philosophy and speculative philosophy. 00205ee541 ListCheckWiki enwiki-\$pages-articles.xml.bz2 wiki:Wikipedia:CHECKWIKI/WPC_{0}_dump 547 00205ee541 Masaki Kajishima and Hiroki Hayashi, who both worked on the Bubblegum Crisis OVAs, cite the show as being the inspiration for Tenchi Muyo! Ryo-Ohki. 00205ee541 The question of the origin of the matter in the universe is no longer thought to be beyond the range of science ... everything can be created from nothing ... it is fair to say that the universe is the ultimate free lunch. — Alan Guth, The Inflationary Universe: The Quest for a New Theory of Cosmic Origins 00205ee541 As yet, we do not have an article on Fossil eggs nor does our fossil article provide much detail. However, these articles by The San Francisco Chronicle on dinosaur fossil eggs [1] and the National Geographic on bird fossil eggs [2] should be of some assistance to you. I have added Fossil eggs to Wikipedia:Requested Articles so that someone can write an article on this topic. Run WPCleaner in the command line with a command such as: 00205ee541 In contemporary philosophy a distinction has developed between the speculative philosophy of history and the critical philosophy of history, now referred to as analytic. The split between these approaches may be approximately compared, by analogy and on the strength of regional and academic influences, to the schism in commitments between analytic and continental philosophy wherein the analytic approach is pragmatic and the speculative approach attends more closely to a metaphysics (or anti-metaphysics) of determining forces like language or the phenomenology of perception at the level of background assumptions. 00205ee541 In designing Ryoko, Kajishima

and Hayashi were inspired by the American sitcom I Dream of Jeannie and wanted to use her in their works. In the first episode, Tenchi... 00205ee541 == Concept == 00205ee541 I once did the calculation for water with salt added to find out if that would make potatoes cook faster, and the result was something barely over 100 C (just a tenth of a degree or something). I assume sea water won't be much different, so my guess is something like 100.1 C. 00205ee541 Done 00205ee541 I'll do a prose review. I am not a bug person, so I hope my perspective reflects the knowledge of the average reader. 00205ee541 As the GA reviewer, I helped Sophisticatedevening mainly with prose and ease of understanding. My main points ('concerns' is not the correct word) mainly regards clarity and comprehension. GGOTCC 02:00, 2 July 2025 (UTC)reply 00205ee541 Shame that Cuticular hydrocarbon is a redirect, this topic seems to be notable. In the meantime you could link "cuticular" to Arthropod exoskeleton or Cuticle. 00205ee541 is he right?, can something be created from nothing? I don't get how....--Cosmic girl 01:50, 1 January 2006 (UTC) 00205ee541
