App Store (Apple) The App Store is an app marketplace developed and maintained by Apple, for mobile apps and desktop apps on its iOS, macOS and iPadOS operating systems

Apps were originally intended for productivity assistance such as email, calendar, and contact databases, but the public demand for apps caused rapid expansion into other areas such as mobile games, factory automation, GPS and location-based services, order-tracking, and ticket purchases, so that there are now millions of apps available. Many apps require Internet access. Apps are generally downloaded from app stores, which are a type of digital distribution platforms.

The story alternates viewpoint and storytelling between Koperu and his uncle. Koperu describes his life in school. His uncle narrates his experiences helping his nephew deal with bullying and other

struggles. The former is a fifteen-year-old junior high school student, known by his nickname Koperu, after the astronomer Nicholas Copernicus. He is athletic and academically gifted, and popular at school. Koperu's father, a bank executive, died when he was young and he lives with his mother. His uncle (on his mother's side) lives nearby and visits frequently. Koperu and his uncle are very close. Koperu shares about his life and his uncle gives him support and advice. His uncle also documents and comments on these interactions in a diary, with the intent to eventually give the diary to Koperu. The diary writing, which is interspersed with the narrative, provides insight into the ethical and emotional trials that Koperu shared with his uncle. The diary entries, which cover themes such as "view of things", "structure of society", "relation", etc. are in the style of... 59db18f192
