Microsoft Office The first version of the Office suite, announced by Bill Gates on August 1, 1988, at COMDEX, contained Microsoft Word, Microsoft Excel, and Microsoft PowerPoint, all three of which remain core products in Office. Over time, the Office suite has grown substantially, adding programs such as OneNote and Outlook; the suite has also been made highly extensible with the use of the VBA scripting language. They could also open files Microsoft Office, MS Office, or simply Office, is an office suite and (formerly) a family of client software, server software, and services developed by Microsoft. web could natively open, edit, and save Office Open XML files (docx, xlsx, pptx) as well as OpenDocument files (odt, ods, odp) 8db818739a

LibreOffice is available for Windows, macOS, and is the default office suite in many Linux distributions, and there are community builds for other platforms such as OpenIndiana. Ecosystem partner Collabora uses LibreOffice as upstream code to provide a web-based suite branded as Collabora Online, along with apps for platforms not officially supported by LibreOffice, including Android, ChromeOS, iOS and iPadOS. 8db818739a Google Drive offers users 15 GB of free storage, sharing it with Gmail and Google Photos. Through Google One, Google Drive also offers paid plans at tiers of 100 GB and 2 TB, along with a premium 2 TB plan that comes with Google's Gemini chatbot. Files uploaded can be up to 750 GB in size. Users can change privacy settings for individual files and folders, including enabling sharing with other users or making content public. On the website, users can search for an image by describing...

8db818739a PowerPoint became a component of the Microsoft Office suite, first offered in 1989 for Macintosh and in 1990 for Windows, which bundled several Microsoft apps. Beginning with PowerPoint 4.0 (1994), PowerPoint was integrated into Microsoft Office development, and adopted shared common components and a converged user interface. 8db818739a US federal agencies started phasing out the use of Claude after Anthropic refused to remove contractual prohibitions on the use of Claude for mass domestic surveillance and fully-autonomous weapons. Following the refusal, the Department of Defense (DoD) designated the company a "supply chain risk" and barred all U.S. private military contractors, suppliers, and partners from doing business with the firm. On March 26, 2026, a federal judge issued a temporary injunction against the DoD's designation... 8db818739a

LibreOffice The suite includes applications for word processing (Writer), spreadsheets (Calc), presentations (Impress), vector graphics (Draw), database management (Base), and formula editing (Math). security fixes. It was created in 2010 as a fork of OpenOffice. It supports the OpenDocument format and is compatible with other major formats, including those used by Microsoft Office. According to TDF, most development is performed by ecosystem partners such as Collabora, who provide enterprise support and services around LibreOffice () is a free and open-source office productivity software suite developed by The Document Foundation (TDF). org, itself a successor to the discontinued StarOffice 8db818739a

== Education == 8db818739a The suite currently includes a word processor (Word), a spreadsheet program (Excel), a presentation program (PowerPoint), a note-taking program (OneNote), and an email client (Outlook); the Windows version also includes a database management system (Access). Microsoft Office previously offered desktop, mobile, and web applications; out of these, only the desktop suite is still maintained. 8db818739a Danchenko grew up in Perm Oblast, Russia, the son of an eye surgeon and an engineer who worked on the Soviet space program. He attended an elite English-language school where students aspired to work in Soviet foreign affairs. At 16, Danchenko participated in a student-exchange trip to England; he later joined a yearlong exchange program and graduated from high school near New Orleans. 8db818739a PowerPoint's market share was very small at first, prior to introducing a version for Microsoft Windows, but grew rapidly with the growth of Windows and of Office. Since the late 1990s, PowerPoint's worldwide market share of presentation software has been estimated at 95 percent. 8db818739a According to Semrush, in 2024, VK was the 30th most visited website in the world. VK Video overtook Google's top position in monthly web traffic for the first time in December 2024, as part of the major substitution to domestic business. 8db818739a Danchenko graduated from the Law Faculty of Perm State University and the Department of Political Science at the University of... 8db818739a Claude is trained using a constitution, a technique developed by Anthropic to improve ethical and legal compliance. Since Claude 3, each generation has

typically been released in three sizes, named Haiku (the least capable), Sonnet, and Opus (the most capable). WhatsApp In WhatsApp Messenger, commonly known simply as WhatsApp, is an American social media, instant messaging (IM), and Voice over IP (VoIP) service accessible via desktop and mobile app. As of May 2025, the service had 3 billion monthly active users, making it the most popular messenger app. WhatsApp was launched in May 2009. The name of the app is meant to sound like "what's up". Owned by Meta Platforms, the service allows users to send text messages, voice messages, and video messages, make voice and video calls, and share images, documents, user locations, and other content. In January 2018, WhatsApp released a standalone business app called WhatsApp Business which can communicate with the

standard WhatsApp client. (JPG, PNG, GIF), videos (MP4, AVI), and documents (CSV, DOC/DOCX, PDF, PPT/PPTX, RTF, TXT, XLS/XLSX), were allowed to be shared for file attachments. The service requires a cellular mobile telephone number to register 8db818739a

It was originally created by Robert Gaskins, Tom Rudkin, and Dennis Austin at a software company named Forethought, Inc. It was released on April 20, 1987, initially for Macintosh computers only. Microsoft acquired PowerPoint for about \$14 million three months after it appeared. This was Microsoft's first significant acquisition, and Microsoft set up a new business unit for PowerPoint in Silicon Valley where Forethought had been located. 8db818739a As of August 2018, VK had at least 500 million accounts. As of November 2022, it was the sixth most popular website in Russia. The network was also popular in Ukraine until it was banned by the Verkhovna Rada in 2017. 8db818739a
